Natural Singing and Expressive Conducting Paul Willard Peterson, 1966 *Natural Singing and Expressive Conducting, Etc. [With Musical Illustrations.]*. Paul W. Peterson, 1961 *Choral Conducting* Colin Durrant, 2017-10-12 Choral Conducting Philosophy and Practice Second Edition is an updated resource for conductors and singers alike a college level text for students of choral conducting that considers conducting and singing from a holistic perspective This singer friendly and voice healthy approach examines the rehearsal environment alongside its musical performance counterpart The author explores what is involved in leading a choral group examining theories of learning and human behavior to understand the impact choral conductors have on the act of singing Divided into two main parts Philosophy and Practice the text begins with an historical look at conducting exploring questions of why people sing and why they sing together and ultimately presents the application of this philosophy showing how a conductor's gestures and patterns can influence vocal outcomes In addressing how singers learn and respond to choral music as well as how conductors communicate with singers in rehearsal and performance Choral Conducting turns an eye to learning how we learn and the role successful choral conductors play in motivating singers developing healthy singing habits and improving individual and ensemble vocal quality all with the aims of enhancing musical understanding New to this edition Updated diagrams photos and musical examples Revised sample choral programs Increased consideration of the orchestral conductor A renewed focus on the intersections of learning health and well being and the social perspective supported by new and recent research National Schools of Singing Richard Miller, 2002 In 1977 Scarecrow Press published Richard Miller's study English French German and Italian Techniques of Singing A Study in National Tonal Preferences and How They Relate to Functional Efficiency He compared the historic and then current techniques practiced in the four major Western European schools of vocalism and evaluated technical maneuvers found within each Recent years have placed greater demands on the vocal talents of professional singers with the growth of performance spaces the emergence of the stage director louder orchestral sound and even the infusion of pop culture sounds into traditional music As world culture continues to expand and vocal talent becomes more homogenous the need for continued recognition of lingering national and regional vocal training techniques becomes more important for the singer's quest to develop a certain style This update of Miller's original study incorporates these new concerns with a continued investigation into which techniques within the national schools are common to them all and which idiosyncratic regional tendencies remain The Oxford Handbook of Singing Graham Welch, David Howard, John Nix, 2019-04-04 Singing has been a characteristic behaviour of humanity across several millennia Chorus America 2009 estimated that 42.6 million adults and children regularly sing in one of 270 000 choruses in the US representing more than 1.5 households Similarly recent European based data suggest that more than 37 million adults take part in group singing The Oxford Handbook of Singing is a landmark text on this topic It is a comprehensive resource for anyone who wishes to know more about the

pluralistic nature of singing In part the narrative adopts a lifespan approach pre cradle to senescence to illustrate that singing is a commonplace behaviour which is an essential characteristic of our humanity In the overall design of the Handbook the chapter contents have been clustered into eight main sections embracing fifty three chapters by seventy two authors drawn from across the world with each chapter illustrating and illuminating a particular aspect of singing Offering a multi disciplinary perspective embracing the arts and humanities physical social and clinical sciences the book will be valuable for a broad audience within those fields
