Nature Of Buddhist Ethics

Damien Keown

Nature Of Buddhist Ethics:

The Nature of Buddhist Ethics Damien Keown, 2016-07-27 In this book the author considers data from both early and later schools of Buddhism in an attempt to provide an overall characterization of the structure of Buddhist ethics. The importance of ethics in the Buddha's teachings is widely acknowledged but the pursuit of ethical ideals has up to now been widely held to be secondary to the attainment of knowledge. Drawing on the Aristotelian tradition of ethics, the author argues against this intellectualization of Buddhism and in favour of a new understanding of the tradition in terms of which ethics plays an absolutely central role. In the course of this reassessment many basic concepts such as karma, nirvana and the Eightfold Path are reviewed and presented in a fresh light. The book will be of interest to readers with a background in either Buddhist studies or comparative religious ethics.

The Nature of Buddhist Ethics Damien Keown, 1992

Buddhist Ethics Damien Keown, 2020-06-25 With over 520 million followers, Buddhism is now the world's fourth largest religion. Over the last seventy years or so there has been a growing interest in Buddhism and it continues to capture the imagination of many in the West who see it as either an alternative or a supplement to their own religious beliefs. For complex cultural and historical reasons, ethics has not received as much attention in traditional Buddhist thought as it has in the West. In this Very Short Introduction, Damien Keown explores how Buddhism approaches a range of moral issues of our age, including our relationship with our environment, our treatment of animals, and our stance on abortion, on sexuality and gender, on violence and war. This new edition also includes a discussion of the ethical challenges posed by cutting-edge developments in science and biomedical technologies, including neuroscience, artificial intelligence, transhumanism, and gene editing.

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Buddhist ethics Damien Keown, 2001

Contemporary Buddhist Ethics Damien Keown, 2013-01-11 This innovative volume brings together the views of leading scholars on a range of controversial subjects, including human rights, animal rights, ecology, abortion, euthanasia, and contemporary business practice.

A Mirror Is for Reflection Jake H. Davis, 2017-06-14 This volume offers a rich and accessible introduction to contemporary research on Buddhist ethical thought for interested students and scholars, yet also offers chapters taking up more technical philosophical and textual topics. *A Mirror Is for Reflection* offers a snapshot of the present state of academic investigation into the nature of Buddhist Ethics, including contributions from many of the leading figures in the academic study of Buddhist philosophy. Over the past decade, many scholars have come to think that the project of fitting Buddhist ethical thought into Western philosophical categories may be of limited utility, and the focus of investigation has shifted in a number of new directions. This volume includes contemporary perspectives on topics including the nature of Buddhist ethics as a whole, karma and rebirth, mindfulness, narrative, intention, free will, politics, anger,

and equanimity **Destroying Mara Forever** John Powers, Charles S. Prebish, 2010-02-16 A thought provoking collection of essays on Buddhist ethics by some of the leading thinkers in the field The reader is provided with engaging explorations of central issues in Buddhist ethics insightful analyses of the ways Buddhist ethical principles are being applied today in both Asian and Western countries and groundbreaking proposals about how Buddhist perspectives might inform debates on some of the core ethical issues of the modern world including consumerism globalization environmental problems war ethnic conflict and inter religious tensions The leading figure in identifying the field of Buddhist ethics and articulating some of its core issues is Professor Damien Keown of the University of London This book brings together a group of eminent scholars who have all been influenced by Keown s work and who are also friends and close colleagues The result is a wonderful volume for those who are struggling with practical issues of ethical concern This will be a valuable resource in the study of ethics for years to come **Buddhist Ethics** Jay L. Garfield, 2022 Buddhist Ethics presents an outline of Buddhist ethical thought It is not a defense of Buddhist approaches to ethics as opposed to any other nor is it a critique of the Western tradition Garfield presents a broad overview of a range of Buddhist approaches to the question of moral philosophy He draws on a variety of thinkers reflecting the great diversity of this 2500 year old tradition in philosophy but also the principles that tie them together In particular he engages with the literature that argues that Buddhist ethics is best understood as a species of virtue ethics and with those who argue that it is best understood as consequentialist Garfield argues that while there are important points of contact with these Western frameworks Buddhist ethics is distinctive and is a kind of moral phenomenology that is concerned with the ways in which we experience ourselves as agents and others as moral fellows With this framework Garfield explores the connections between Buddhist ethics and recent work in moral particularism such as that of Jonathan Dancy as well as the British and Scottish sentimentalist tradition represented by Hume and Smith **Zen Buddhism and Environmental Ethics** Simon P. James, 2017-03-02 Zen Buddhism and Environmental Ethics explores the implications of Zen Buddhist teachings and practices for our moral relations with the natural world At once an accessible introduction to Zen and an important contribution to the debate concerning the environmental implications of the tradition this book will appeal both to readers unfamiliar with East Asian thought and to those well versed in the field In elucidating the philosophical implications of Zen the author draws upon both Eastern and Western philosophy situating the Zen understanding of nature within the Buddhist tradition as well as relating it to the ideas of key Western philosophers such as Aristotle Kant and Heidegger These philosophical reflections on Zen are used to shed light on some prominent debates in contemporary environmental ethics concerning such issues as the intrinsic value of nature [The Oxford Handbook of Buddhist Ethics](#) Daniel Cozort, James Mark Shields, 2018-03-08 Many forms of Buddhism divergent in philosophy and style emerged as Buddhism filtered out of India into other parts of Asia Nonetheless all of them embodied an ethical core that is remarkably consistent Articulated by the historical Buddha in his first sermon this moral core is founded on the concept of

karma that intentions and actions have future consequences for an individual and is summarized as Right Speech Right Action and Right Livelihood three of the elements of the Eightfold Path Although they were later elaborated and interpreted in a multitude of ways none of these core principles were ever abandoned The Oxford Handbook of Buddhist Ethics provides a comprehensive overview of the field of Buddhist ethics in the twenty first century The Handbook discusses the foundations of Buddhist ethics focusing on karma and the precepts looking at abstinence from harming others stealing and intoxication It considers ethics in the different Buddhist traditions and the similarities they share and compares Buddhist ethics to Western ethics and the psychology of moral judgments The volume also investigates Buddhism and society analysing economics environmental ethics and Just War ethics The final section focuses on contemporary issues surrounding Buddhist ethics including gender sexuality animal rights and euthanasia This groundbreaking collection offers an indispensable reference work for students and scholars of Buddhist ethics and comparative moral philosophy

Reviewing **Nature Of Buddhist Ethics**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**Nature Of Buddhist Ethics**," an enthralling opus penned by a very acclaimed wordsmith, readers set about an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
