Tourism Management Chris Ryan, Stephen Page, 2012-08-21 One of the leading texts in the field Tourism Management is the ideal introduction to the fundamentals of tourism as you study for a degree diploma or single module in the subject It is written in an engaging style that assumes no prior knowledge of tourism and builds up your understanding as you progress through this wide ranging global review of the principles of managing tourism It traces the evolution and future development of tourism and the challenges facing tourism managers in this fast growing sector of the world economy This book is highly illustrated with diagrams and colour images and contains short case studies of contemporary themes of interest as well as new data and statistics

Ethical and Responsible Tourism Marko Koščak, Tony O'Rourke, 2019-10-21 Ethical and Responsible Tourism explains the methods and practices used to manage the environmental impact of tourism on local communities and destinations The three core themes of the book destination management environmental and social aspects of ethical sustainable development and business impacts are discussed across both topic and case study chapters alongside explanatory editorial analysis with all chapters clearly signposted and interlinked The case studies address specific and practical examples from a global range of examples including sites in Australia Central America Europe Union countries Japan North America and South America Used as a core textbook the linking of theory in the topic chapters and practice

gained through case studies alongside further reading and editorial commentary Ethical and Responsible Tourism provides a detailed and comprehensive learning experience Specific case studies can be used as standalone examples as part of a case teaching approach and the editorial and discussion elements are designed to be suitable for those simply seeking a concise overview such as tourism professionals or potential investors in sustainable tourism projects This book will be essential reading for students researchers and practitioners of tourism environmental and sustainability studies

Handbook of Global Environmental Policy and Administration Dennis Soden, Brent R. Steel, 1999-07-16 Presenting case studies involving Rwanda Nepal Australia Japan and Mexico including real time policy and administrative questions this versatile reference text provides a wide perspective on national and international environmental problems and policies featuring discussions with a regional emphasis as well as global significance Pooling the work of over 60 international contributors in disciplines ranging from anthropology to political science the Handbook of Global Environmental Policy and Administration illustrates how environmental concerns are incorporated into administrative functions and policy processes

Managing Natural and Cultural Heritage for a Durable Tourism Anna Trono, Valentina Castronuovo, Petros Kosmas, 2024-04-28 This contributed volume offers a wealth of cases that explore the factors and conditions required for heritage tourism to be economically and socially beneficial to local communities without impairing the natural environment cultural heritage preservation or sustainability for future generations The studies presented here comprise an examination of measures which have been and can be implemented to ensure sustainable use of natural and cultural systems leading to a new concept of tourism that incorporates science and community practices together to create a favorable environment where tourists and locals can experience meaningful interactions and experiences The book focuses on the role of stakeholders in the development of a new policy regarding the sustainable management of cultural tourism and the possibility of their involvement in the processes governing policy making Emphasis is placed on the role and commitment of local and international authorities including UNESCO in preserving the world's endangered cultural and natural heritage as well as the responsibilities of Member States and public and private actors with respect to future conservation challenges

Ecotourism Third Edition David A. Fennell, 2007-11 Focusing on an array of economic social and ecological inconsistencies that continue to plague ecotourism in theory and practice this book examines ecotourism in reference to other related forms of tourism impacts conservation sustainability education and interpretation policy and governance and the ethical imperative of ecotourism as these apply to the world's greenest form of tourism This revised edition includes new information on the magnitude of the tourism industry nature based tourism and the pros and cons of mass ecotourism revised chapters on development economics marketing policy ecotourism in practice and biodiversity conservation a section on governance models ecotourism programmes operators and guides interpretation certification and ecolodge design a discussion of ecotourism as an ethical or responsible form of tourism approximately 300 new references It includes case

studies and considers the perspectives of many adjacent fields including geography economics business philosophy biology and environmental studies Nature-based Tourism in Peripheral Areas Colin Michael Hall, Stephen W. Boyd, 2005-01-01 Nature based Tourism in Peripheral Areas provides a comprehensive examination of this form of tourism development as it occurs within alpine forest sub polar island coastal and marine environments This book goes beyond much of the debate surrounding ecotourism and the impacts of tourism in vulnerable environments to place nature based tourism in a wider regional context particularly when for many peripheral regions tourism remains one of the key opportunities for economic development Therefore a central theme that is present throughout many of the chapters is the role that nature based tourism can play as the catalyst for larger regional development of regions The book will serve as essential reading to senior undergraduate and postgraduate students taking courses in tourism and related degrees where the major focus is on tourism that occurs within peripheral regions It will also serve as a key reference to researchers and professionals interested in the role of tourism as a regional development tool **Managing Sustainable Tourism** David L. Edgell, 2006 Managing Sustainable Tourism A Legacy for the Future tackles the tough issues of tourism such as negative environmental impact and cultural degradation and provides common sense answers that don't sacrifice positive economic growth Detailing the benefits as well as the pitfalls the author clearly discusses what must be done to sustain the tourism industry in the new millennium Case studies photographs research and supplemental reading lists clearly illustrate ideas and practical suggestions Quality Assurance and Certification in Ecotourism Rosemary Black, Alice Crabtree, 2007 Genuine ecotourism can have many positive impacts particularly the conservation of biodiversity and cultural heritage and the creation of economic opportunities for local communities While promoting these it aims to eliminate negative impacts such as environmental degradation cultural commoditisation and playground effects Unfortunately the concept is broadly misunderstood and its true definition is widely debated It is often used as a marketing tool with some operators taking advantage of the ecotourism label to attract more business while behaving in environmentally irresponsible ways This book considers the important topic of quality control and accreditation in ecotourism describing the mechanisms that can be implemented to ensure quality in all aspects of the industry namely protected areas businesses products and tour guides

Ecotourism and Environmental Sustainability Tim Gale, 2016-04-29 This book offers conceptual and practical insights into the complex interactions between ecotourism and the natural environment with consideration given to government policy marketing by suppliers consumer behaviour and visitor environmental management Illustrated by international case studies the roles of and interplay between tour operators their clients resource managers and local communities are examined This creates a comprehensive and insightful overview of the factors that work for and against the achievement of environmental sustainability in and through ecotourism The result is a critical examination of ecotourism and environmental sustainability that highlights ideas for best practice and proposes new directions for future research Managing Environmental Heritage
