quality and marketability of Navajo weaving but in so doing failed to understand the cultural significance of weaving and its role in the lives of Din women By the 1920s the durability and market value of Din weavings had declined dramatically Indian welfare advocates established projects aimed at improving the materials and techniques Private efforts served as models for federal programs instituted by New Deal administrators Historian Jennifer McLerran details how federal officials developed programs such as the Southwest Range and Sheep Breeding Laboratory at Fort Wingate in New Mexico and the Navajo Arts and Crafts Guild Other federal efforts included the publication of Native natural dye recipes the publication of portfolios of weaving designs to guide artisans and the education of consumers through the exhibition of weavings aiding them in their purchases and cultivating an upscale market McLerran details how government officials sought to use these programs to bring the Din into the national economy instead these federal tactics were ineffective because they marginalized Navajo women and ignored the important role weaving plays in the resilience and endurance of wider Din culture **Southwest**

Blomberg, 1994-07-01 William Randolph Hearst's collection of Navajo textiles is one of the most complete gatherings of nineteenth century Navajo weaving in the world Comprising dozens of Classic Period serapes chief blankets Germantown eyedazzlers and turn of the century rugs the 185 piece collection was donated to the Los Angeles County Museum of Natural History in 1942 but for the next forty years was known only to a

handful of scholars Hearst began acquiring textiles from the Fred Harvey Company after viewing an exhibit of Indian artifacts Over four decades he amassed a collection spanning more than a century of Navajo weaving and including nearly every major type produced from 1800 to 1920 Hearst's passion for American Indian artifacts was so strong that he had originally visualized his now famous castle in San Simeon as a showplace for his Navajo textile collection At a time when the Harvey Company was itself influencing the development of Indian handcrafts by opening up the tourist market Hearst contributed to this influence by expressing his own artistic preference for rare and unusual pieces This catalogue raisonné featuring nearly 200 illustrations provides the general public with the first look at this important collection Nancy Blomberg's narrative introduces the reader to the history of Navajo weaving and documents Hearst's role in its development The heart of the book provides a detailed analysis of each textile fibers yarn types dyes and designs Navajo Textiles thus constitutes an invaluable reference for scholars and collectors and will be enjoyed by anyone who appreciates these beautiful creations from the Navajo loom
