Three seconds left on the clock and your team is down one point for the championship. You run off the screen set by your teammate, head down the lane, and receive a pass from the forward on the baseline. You shoot and . . . score, just as the buzzer sounds!

Moves like that can win a game, but many skills are involved in mastering them. Learn what it takes to become a star player, as pros like Michael Jordan, Hakeem Olajuwon and John Stockton share the ballhandling exercises and techniques they used to become the superstars they are now.

Train with coaches like Pat Riley, Lenny Wilkens and Mike Fratello, and learn to play the NBA way.

Get tips from Reggie Miller, Anfernee Hardaway and other NBA stars in these important offensive areas:

- dribbling/ballhandling
- passing
- shooting
- rebounding
- team offense
- plays

Advice from pro coaches and players, plus photos of their flawless execution, will fire you up to hit the court. Pictures of kids in NBA-run training sessions doing each exercise and drill will make the instructions easy to understand. Practice with these offense basics, and before you know it, you and your team will be headed for the top.

Lee Rose has been one of basketball's most knowledgeable and respected coaches over the past 50 years at the high school, college, and professional levels. Winning Basketball Fundamentals presents his proven program for success, the same one he used in taking teams from two different colleges to the Final Four. From offense to defense to transition play and special situations, Rose covers every tactical facet of the game and adds his insights for improving execution in each. He presents popular offensive systems: the Triangle, LA Flex, Dribble Drive, and Motion, as well as man-to-man and zone defensive schemes with suggestions for when and how to deploy and adjust them. Rose also teaches all the essential individual skills required for performing those tactics proficiently and consistently, with special tips for executing when the game is on the line. Perimeter and post-specific instruction and drills will help players build on their skills through practice. Coach Rose also shares his Performance Rating System, a tool he's used time and again to develop some of the game's top players. Rose explains not only how to identify strengths and weaknesses but also how to use that information to maximize the potential of individual players and the team. Flashy and fluke plays might be fun to watch, but you can't build a successful season or career on them.
