Home of the Brave: Confronting & Conquering Challenging Times Richard L. Godfrey, Hyrum Smith, 2019-01-01 In good times and bad in times of economic downturn and times of wartime peril we as Americans have shown our mettle There is something in the historical DNA of this people a resilience a power a talent for innovation a unique and empowering bravery that has carried us forward as a nation and a people for nearly 250 years This book is about this history this inheritance this people These characteristics apply not just to the people of the United States as a whole but to each of us as individuals Whether we are leaders followers friends co workers parents spouses partners or simply sojourners in this thing we call life it is rare for us to see those we care about suffer and not want to change their circumstances or alleviate their suffering It is an almost in born trait that we as individuals and as a nation tend to seek ways to overcome the challenges we periodically face Home of the Brave is about meeting our individual challenges and the challenges of those we care about and care for It is about finding the time proven principles in the historical DNA of great Americans that we can draw on not only for strength but for practical insight and action that can make even the most challenging times more manageable even conquerable
