Terrifying Tales to Tell Around the Campfire Jeff Vidmar, 2015-08-09 Almost everyone enjoys a good scare now and then especially kids In recent years much of the scary stuff that's out there relies on blood and a bucketful of guts to gross out the reader viewer or listener These stories should be a welcome break from those kinds of scares relying more on imagination and creepiness rather than gore at least that was the intent when I sat down to write these A word of caution some children may not be up to some of the tales contained within if in doubt give these stories a quick skim before reading them aloud around a campfire or at a sleepover Of course feel free to change endings or omit parts you think may be disturbing to the little listeners In that light the last story might be the one to end with if you want them to get to sleep on time as it's a bit silly and has a funny ending at least it was funny when I first heard my uncle tell it to me when I was a little kid and I guess it still kind of is so I guess I haven't grown up that much Other than the final tale which is loosely based on an old story many may have heard in some form and which was passed down the generations from my family these stories are all my original creations gathered from ideas and nightmares I remember being scared of when I was a child and some I must admit still scare me to this day Remember there's no shame in sleeping with a nightlight or in letting the batteries drain on your flashlight when you leave it on all night next to your sleeping bag within easy grasp After all it can't do any harm and no one else has to know

Fun Campfire Stories John Bradshaw, 2009-11 A collection of 21 short campfire style stories that are humorous or end in a humorous way Follows the tradition of FUN CAMPFIRE GHOST STORIES these short tales are designed for kids of all ages Imagination filled fun that any camping trip or story telling session will benefit from As important on any camping trip as a flashlight and sleeping bag Watch as eyes widen and smiles form on the listening audience or reader
