True Crime Ian Cummins, Martin King, Louise Wattis, 2025-10-21 True crime is a huge cultural industry media organisations use crime stories to push sales and clicks Yet behind this phenomenon lies the real life victims and a disconnect between the representation of violent crime and its reality This book is a go to guide for students and researchers in understanding the development of this phenomenon and its social and cultural impacts Through case studies including Lucy Letby the Yorkshire Ripper and Fred and Rosemary West the book considers true crime s ethical implications and its wider influence on crime and punishment

HM Government - Department for Justice - The Scottish Government: Second Report of the Inter-Departmental Ministerial Group on Human Trafficking - Cm. 8731 Great Britain:

Inter-Departmental Ministerial Group on Human Trafficking, Great Britain: Home Office, 2013 This is the second report of the IDMG on Human Trafficking the group with responsibility for overseeing and assessing the UK s efforts to tackle human trafficking and modern slavery The report provides an assessment of human trafficking in the UK building on the first report of the group which was published in October 2012 It shows that 1186 people were identified and referred for support in 2012 an increase of 25% in the number of referrals from 2011 though it is acknowledged that these figures are an underestimate of the largely hidden problem The report shows that trafficking remains primarily an organised crime associated with gangs Action to address the problem is planned with a Modern Slavery Bill to be published this year in draft form for pre legislative scrutiny The bill will consolidate into a single act the offences used to prosecute slave drivers It will also introduce Trafficking Prevention Orders to restrict the activity and movement of convicted traffickers and stop them from committing further offences and a new Anti Slavery Commissioner to hold law enforcement and other organisations to account The offence of slave driving will carry a maximum sentence of life imprisonment with those who already have a conviction for a very serious sexual or violent offence facing an automatic life sentence

The History of Jihad Robert Spencer, 2018 It is taken for granted even among many Washington policymakers that Islam is a fundamentally peaceful religion and that Islamic jihad terrorism is something relatively new a product of the economic and political ferment of the twentieth century But in *The History of Jihad From Muhammad to ISIS* Islamic scholar Robert Spencer proves definitively that Islamic terror is as old as Islam itself as old as Muhammad the prophet of Islam who said I have been made victorious through terror Spencer briskly traces the 1 400 year war of Islamic jihadis against the rest of the world detailing the jihad against Europe including the 700 year struggle to conquer Constantinople the jihad in Spain where non Muslims fought for another 700 years to get the jihadi invaders out of the country and the jihad against India where Muslim warriors and conquerors wrought unparalleled and unfathomable devastation in the name of their religion Told in great part in the words of contemporary chroniclers themselves both Muslim and non Muslim *The History of Jihad* shows that jihad warfare has been a constant of Islam from its very beginnings and present day jihad terrorism proceeds along exactly the same ideological and theological foundations as did the great Islamic warrior states and jihad commanders of the past *The History of Jihad From Muhammad to ISIS* is the first one volume history of jihad in the English language and the first book to tell the whole truth about Islam s bloody history in an age when Islamic jihadis are more assertive in Western countries than they have been for centuries This book is indispensable to understanding the geopolitical situation of the twenty first century and ultimately to formulating strategies to reform Islam and defeat radical terror

Children and Families in Communities Jacqueline Barnes, Ilan Barry Katz, Jill E. Korbin, Margaret O'Brien, 2006-05-01 In the past decade the relationship between communities children and families has inspired a wealth of research and policy initiatives because of a growing belief that the breakdown of families and communities is a significant factor in social problems including child abuse and juvenile crime The latest policy initiatives to tackle social problems have therefore targeted communities as well as high risk families This title amalgamates the latest research on the relationship between children families and communities and explores policy and practice implications Material for practitioners and community development workers is also included The book is divided into three parts 1 theory 2 the effect of community on children parents and families 3 interventions and policy implications

Entanglements of Life with the Law John R. Campbell, 2020-11-09 This book examines the quality and nature of justice dispensed in London's magistrates courts which are the lowest level of the United Kingdom's Criminal Justice System In 2016 approximately 230 000 individuals were prosecuted for a criminal offence in these courts of whom about seventy percent pleaded guilty and were sentenced Curiously about eighty five percent of those who pleaded not guilty were subsequently tried found guilty and sentenced This book addresses a central paradox of criminal justice how is it that magistrates are able to reach a guilty verdict despite the elusive and complex nature of truth and reality Research together with observations of 238 remand hearings and 23 trials has led the author to arrive at some uncomfortable conclusions about a legal system undermined by government austerity policies and lacking in transparency This book shows that the police fail to investigate most offences that the Crown Prosecution Service is reliant on the cases which the police want prosecuted that the quality of legal representation is poor that magistrates decisions may be unjust and that most defendants are not able to understand or participate in their hearing Strikingly a large percentage of defendants are from London's precariat They are young men who are destitute or who rely on unstable incomes they are semi literate from Black and Ethnic Minority Communities and their

basic rights as citizens are being eroded Because many are repeat offenders they are recycled through the Criminal Justice System with limited assistance to address the problems which cause offending Magistrates courts dispense summary justice in very short hearings which means that defendants have a limited opportunity to defend themselves In short summary justice lacks basic due process rights in a legal process which bears a striking resemblance to justice in authoritarian non democratic societies Handbook on Crime Fiona Brookman, Mike Maguire, Harriet Pierpoint, Trevor Bennett, 2010-02-01

The Handbook on Crime is a comprehensive edited volume that contains analysis and explanation of the nature extent patterns and causes of over 40 different forms of crime in each case drawing attention to key contemporary debates and social and criminal justice responses to them It also challenges many popular and official conceptions of crime This book is one of the few criminological texts that takes as its starting point a range of specific types of criminal activity It addresses not only conventional offences such as shoplifting burglary robbery and vehicle crime but many other forms of criminal behaviour often an amalgamation of different legal offences which attract contemporary media public and policy concern These include crimes committed not only by individuals but by organised criminal groups corporations and governments There are chapters on for example gang violence hate crime elder abuse animal abuse cyber crime identity theft money laundering eco crimes drug trafficking human trafficking genocide and global terrorism Many of these topics receive surprisingly little attention in the criminological literature The Handbook on Crime will be a unique text of lasting value to students researchers academics practitioners policy makers journalists and all others involved in understanding and preventing criminal behaviour

The Guardian Index ,2002 The Rise of Security and Why We Always Want More Mike Croll, 2023-04-15 Security is now a 500 billion global business and it s growing fast It s developed from the night watchman keeping a sleepy eye out to the guard patrolling the shopping mall to smart surveillance systems monitoring everything everywhere all the time This book explains how demand for security is generated by an alignment of interests between big business insurance companies the media lawyers politicians and human nature how our response to terrorism is driven by fear rather than risk and how security has become a key feature of our lives at home on line at work when shopping and when flying This is a panoramic view from an industry insider who describes why the more security we have the more we want And crucial question emerges as security incorporates new technology including facial recognition drones artificial intelligence digital analytics location and heart rate monitoring are we creating Big Brother or Big Mother It s probably the most interesting book on security that you ll ever read **Understanding Homicide** Fiona Brookman, 2021-11-24 In this

engaging and accessible book Brookman draws upon several decades of her own research on homicide and violence including ethnographic research on homicide investigation in the UK and USA and interviews with violent offenders in order to unravel the characteristics and causes of homicide how police and forensic scientists investigate it and how it can be prevented Synthesising bespoke new analysis of the Home Office Homicide Index with case studies of homicides and

international debate and literature this comprehensive textbook will be a valuable resource for students studying homicide violence its investigation and responses to it as well as researchers and practitioners interested in homicide and violence
