Bill the films are not treated individually but in terms of some of the subjects that connect them together such as success and tradition their notorious deployment of violence and Tarantino s approach to story telling his interest in presenting events out of chronological order The book also covers adaptations of Tarantino s work looking at the screenplays of True Romance and Natural Born Killers as well as the films made from them and compares Tarantino s approach to adapting Elmore Leonard with that of another important American filmmaker Paul Schrader The aim of the book is to explore these topics and to take the reader back to what the American critic Robert Warshaw called the actual immediate experience of seeing and responding to the movies It is designed to appeal both to those who were excited by the films on first seeing them in the cinema and to those taking the opportunity of reconsidering them on the screen or on DVD

A Transformation Journey to Creative and Alternative Planetary Futures Victor V. Motti,2019-03-21 This book presents a counter trend against nationalism religious extremism xenophobia and racism It advocates an alternative globalization based not on trade the economy and politics but on humanity s transcendence to a collective consciousness Inspired by a pantheist worldview it applies an integral perspective toward strategic foresight and anticipation on the planetary scale Controversial disappearing and emerging binary oppositions are explained within the framework of the mythology of the Lord of Wisdom versus the Ignorant Mind It shows that our anticipatory planetary era might be characterized by the acknowledgement of our zero knowledge as measured in the ocean of all disciplines zero carbon for energy zero war in politics and zero killing in society zero conscious beings excluded and zero existence as we have known it as humanity merges into some higher and enriched complexity
