**The Senses and the Intellect** Alexander Bain, 1864

**Shakespeare / Sense** Simon Smith, 2020-05-14 Shakespeare Sense explores the intersection of Shakespeare and sensory studies asking what sensation can tell us about early modern drama and poetry and conversely how Shakespeare explores the senses in his literary craft his fictional worlds and his stagecraft 15 substantial new essays by leading Shakespeareans working in sensory studies and related disciplines interrogate every aspect of Shakespeare and sense from the place of hearing smell sight touch and taste in early modern life literature and performance culture through to the significance of sensation in 21st century engagements with Shakespeare on stage screen and page The volume explores and develops current methods for studying Shakespeare and sensation reflecting upon the opportunities and challenges created by this emergent and influential area of scholarly enquiry Many chapters develop fresh readings of particular plays and poems from Hamlet A Midsummer Night's Dream King Lear and The Tempest to less studied works such as The Comedy of Errors Venus and Adonis Troilus and Cressida and Cymbeline

**Sins of the Spirit, Blessings of the Flesh, Revised Edition** Matthew Fox, 2016-03-15 Visionary theologian and award winning author Matthew Fox challenges traditional perceptions of good and evil by offering a new theology that lays the groundwork for a more enlightened treatment of ourselves one another and all of nature In this revised edition with a luminous foreword by Deepak Chopra and a new preface that brings the book up to date with the cataclysmic events of the new millennium Fox illustrates how contrary to mainstream church doctrine flesh is the grounding of spirit Fox argues that our culture has concentrated far too much on transgressions of the flesh while failing to take into account its sacredness

Artfully weaving together the wisdom of East and West he considers Thomas Aquinas's definition of sin as misdirected love and applies parallels between the Eastern teachings of the seven chakras and the Western teachings of the seven capital sins. Fox explains how the chakras teach us to direct the love energies we all possess and proposes seven positive precepts for living a full and spirited life. He invites us to change the way we think about sin and asserts that we can combat and transform evil through love, generosity, letting go, and creativity. Crafting a blueprint for social change, *Sins of the Spirit: Blessings of the Flesh* points the way toward a deeper and more compassionate way to live while eloquently revealing the means to confront evil both within and without.
