Natural Woman Collection:

Women's Collections Suzanne Hildenbrand, 2019-12-06 This book first published in 1986 analyses women's collections in institutional and private establishments in the United States. It focuses on the development of the collections as a result of feminist advances in activism and scholarship and the need for collections to reflect the shift to a necessary woman-centredness in their holdings.

Women, Collecting, and Cultures Beyond Europe Arlene Leis, 2022-11-04 This book examines collecting around the world and how women have participated in and formed collections globally. The edited volume builds on recent research and offers a wider lens through which to examine and challenge women's collecting histories. Spanning from the seventeenth century to the twenty-first, although not organized chronologically, the research herein extends beyond European geographies and across time periods. It brings to light new research on how artificialia and naturalia were collected, transported, exchanged, and/or displayed beyond Europe. *Women Collecting and Cultures Beyond Europe* considers collections as points of contact that forged transcultural connections and knowledge exchange. Some authors focus mainly on collectors and what was collected, while others consider taxonomies, travel patterns, of consumption, migration, markets, and the afterlife of things. In its broad and interdisciplinary approach, this book amplifies women's voices and aims to position their collecting practices toward new transcultural directions, including women's relation to distinct cultures, customs, and beliefs, as well as exposing the challenges women faced when carving a place for themselves within global networks. This study will be of interest to scholars working in collections and collecting, conservation, museum studies, art history, women's studies, material and visual cultures, Indigenous studies, textile histories, global studies, history of science, social and cultural histories.

Women and Science Marilyn B. Ogilvie, Kerry L. Meek, 2018-12-07 First Published in 1996. Following the author's previous work *Women in Science: Antiquity through the Nineteenth Century* in 1986, an increased interest in feminism, science, and gender issues resulted in this subsequent title. This book will be valuable to scholars working in a variety of academic areas and will be useful at different educational levels from secondary through graduate school. This annotated bibliography of approximately 2700 entries also includes fields, nationality, periods, persons, institutions, reference, and theme indexes.

American Folktales: From the Collections of the Library of Congress Carl Lindahl, 2015-03-17 This two-volume collection of folktales represents some of the finest examples of American oral tradition. Drawn from the largest archive of American folk culture, the American Folklife Center at the Library of Congress, this set comprises magic tales, legends, jokes, tall tales, and personal narratives, many of which have never been transcribed before, much less published in a sweeping survey. Eminent folklorist and award-winning author Carl Lindahl selected and transcribed over 200 recording sessions, many from the 1920s and 1930s that span the 20th century, including recent material drawn from the September 11 Project. Included in this varied collection are over 200 tales organized in chapters by storyteller, tale type, or region, and representing diverse American cultures from Appalachia and the Midwest to

Native American and Latino traditions Each chapter begins by discussing the storytellers and their oral traditions before presenting and introducing each tale making this collection accessible to high school students general readers or scholars

Woman Critiqued Rebecca L. Copeland, 2006-05-31 Woman Critiqued will make us wonder why we thought we could grasp modern Japanese literature without concerted attention to what men and women had to say about women's literary production This remarkable collection is full of surprises even where predictable arguments are being made Careful translations of writings by the familiar and the obscure together with thought provoking introductions and supporting apparatus make this an indispensable text for the study of modern Japanese culture and society Norma M Field University of Chicago Over the past thirty years translations of Japanese women's writing and biographies of women writers have enriched and expanded our understanding of modern Japanese literature But how have women writers been received and read in Japan To appreciate the subterfuges strategies and choices that the modern Japanese woman writer has faced readers must consider the criticisms leveled against her the expectations and admonitions that have been whispered in her ear and pay attention to the way she herself has responded What did it mean to be a woman writer in twentieth century Japan How was she defined and how did this definition limit her artistic sphere Woman Critiqued builds on existing scholarship by offering English language readers access to some of the more salient critiques that have been directed at women writers on the one hand and reactions to these by women writers on the other The grouping of the essays into chapters organized by theme clarifies how the discussion in Japan has been framed by certain assumptions and how

women have repeatedly tried to intervene by playing with undercutting or attempting to exceed these assumptions Chapter introductions contextualize the translated essays historically and draw out aspects that warrant particular scrutiny or explication Although the translators do not cover all aspects or genres identified with women s literary endeavors in the twentieth century they provide a significant understanding of the evaluative systems under which Japanese women writers have worked *Woman Critiqued* will be eagerly read by specialists in modern Japanese literature and those interested in comparative literature women s studies gender studies and history Featured writers Akitsu Ei Akiyama Shun Hara Shiro Hasegawa Izumi Kobayashi Hideo Kora Rumiko Matsuura Rieko Mishima Yukio Mitsunashi Takajo Mizuta Noriko Miwata Masako Oguri Fuyo Okuno Takeo Ooka Makoto Saito Minako Shibusawa Tatsuhiko Setouchi Harumi Takahara Eiri Takahashi Junko Takahashi Takako Tanaka Miyoko Tomioka Taeko Tsujii Takashi Tanizaki Jun ichiro Tsushima Yoko Yosano Akiko Translators Tomoko Aoyama Jan Bardsley Janine Beichman Rebecca L Copeland Mika Endo Joan E Ericson Barbara Hartley Maryellen Toman Mori Yoshiko Nagaoka Kathryn Pierce Laurel Rasplia Rodd Amanda Seaman Eiji Sekine Judy Wakabayashi
