Nature Notes Of An Edwardian Lady:

The Nature Notes of an Edwardian Lady Edith Holden, 1989 This entirely new diary is composed in a similar style to the Country Diary with Edith Holden's thoughts, anecdotes and writings interspersed with poetry, mottoes and her exquisite watercolor paintings of flowers, plants, birds, butterflies and landscape scenes. *Nature Notes of an Edwardian Lady* Edith Holden, 2025-09-02 A beautiful companion volume to the hugely popular *The Country Diary of an Edwardian Lady*, a trove of exquisite paintings and notes from the same author that have been unpublished and unseen for decades. The perfect book not only for the thousands of fans of *The Country Diary of an Edwardian Lady* but also all lovers of nature and nature writing. The writing and paintings created at the same time as those for *Country Diary* in 1905 and 1906 follow the seasons at Holden's English home with her charming notes, diary entries, quotes and her choice of poems that celebrate nature from Wordsworth to Yeats plus a few of her own. The paintings in *Nature Notes* have not been seen for decades and can be enjoyed by a new generation of nature lovers in this beautifully produced volume. This treasure of work from a bygone age has a resonance for today's readers as nature writing has proven time and again one of the most cherished forms of writing. And this calm, elegant book on nature is the perfect volume for watching the changing of the seasons yourself. *The nature notes of an Edwardian lady*, Edith Holden, 1989. **The Nature Notes of an Edwardian Lady, 1905** Edith Holden, 1989. if I simply missed out the fifty per cent of the population whose voices have been credited with shaping this particular cultural form If I coppiced the woodland so to speak and allowed the light to shine down to the forest floor and illuminate countless saplings now that a gap has opened in the canopy There has in recent years been an explosion of writing about place landscape and the natural world But within this blossoming of interest women s voices have remained very much in the minority For the very first time this landmark anthology collects together the work of women over the centuries and up to the present day who have written about the natural world in Britain Ireland and the outlying islands of our archipelago Alongside the traditional forms of the travelogue the walking guide books on birds plants and wildlife *Women on Nature* embraces alternative modes of seeing and recording that turn the genre on its head Katharine Norbury has sifted through the pages of women s fiction poetry household planners gardening diaries and recipe books to show the multitude of ways in which they have observed the natural world about them from the fourteenth century writing of the anchorite Julian of Norwich to the seventeenth century travel journal of Celia Fiennes from the keen observations of Emily Bront to a host of brilliant contemporary voices *Women on Nature* presents a groundbreaking vision of the natural world which in addition to being a rich and scintillating anthology that shines a light on many unjustly overlooked writers is of unique importance in terms of women s history and the history of writing about nature
