Nature Power In The Spirit Of An Okanagan Storyteller:

Nature Power Harry Robinson, 2004 Many of these stories feature the shoo MISH or nature helpers that assist humans and sometimes provide them with special powers **Being Lakota** Petrillo, Larissa, 2007-12-01 Being Lakota explores contemporary Lakota identity and tradition through the life story narratives of Melda and Lupe Trejo Melda Trejo ne Red Bear 1939 is an Oglala Lakota from Pine Ridge Reservation while Lupe Trejo 193899 is Mexican and a long time resident at Pine Ridge Nature Power Harry Robinson, Wendy C. Wickwire, 1992 **Animals and Nature** Rod Preece, 2011-11-01 No one tradition alone offers a sufficient respect for other species Taken together they may offer a prospect for saner human animal relations From the book Western conceptions of objectivity and individuality have resulted in a readier appreciation of the worth of the animals and nature than has been recognized This provocative book takes issue with the popular view that the Western cultural tradition in contrast to Eastern and Aboriginal traditions has encouraged attitudes of domination and exploitation towards nature particularly animals Preece argues that the Western tradition has much to commend it and that descriptions of Aboriginal and Oriental orientations have often been misleadingly rosy simplified and codified according to current fashionable concepts Animals and Nature is the result of six years intensive study into comparative religion literature philosophy anthropology mythology and animal welfare science **Shall We Dance?** Charles Blattberg, 2003 Charles Blattberg shows that while a just politics based on dialogue is at the core of Canadians sense of ourselves as citizens our current forms of dialogue are inadequate To some we should be pleading before authorities responsible for upholding a unified foundation for our politics Pierre Trudeau and his followers for example advocate a Charter of Rights and Freedoms that trumps any values not contained within it To others we ought to be true to the longstanding Canadian political tradition of compromise and so negotiate our conflicts a form of dialogue that strives for accommodation rather than trumping Blattberg argues however that both of these approaches have largely failed us To him the preferred form of dialogue in Canadian politics today should be that of conversation As he shows only conversation aims for the genuine reconciliation of conflict only it will help us realize the common good that is at the heart of a truly patriotic Canadian politics **Telling Our Stories** Louis Bird, 2005-08-01 Since the 1970s Louis Bird a distinguished Aboriginal storyteller and historian has been recording the stories and memories of Omushkego Swampy Cree communities along western Hudson and James Bays In nine chapters he presents some of the most vivid legends and historical stories from his collection casting new light on his people s history culture and values Working with the editors and other contributors to provide background and context for the stories he illuminates their many levels of meaning and brings forward the value system and world view that underlie their teachings Students of Aboriginal culture history and literature will find that this is no ordinary book of stories compiled from a remote disconnected voice but rather a project in which the teller deeply engaged in preserving his people s history language and values is committed to bringing his listeners and readers as far along the road to understanding as he possibly

can **Written as I Remember It** Elsie Paul, 2014-04-15 Long before vacationers discovered BC's Sunshine Coast the Sliammon a Coast Salish people called the region home Elsie Paul is one of the last surviving mother tongue speakers of the Sliammon language In this remarkable book she collaborates with a scholar Paige Raibmon and her granddaughter Harmony Johnson to tell her life story and the history of her people in her own words and storytelling style Raised by her grandparents who took her on their seasonal travels Paul spent most of her childhood learning Sliammon ways stories and legends Her adult life unfolded against a backdrop of colonialism and racism As Paul worked to sustain a healthy marriage raise a large family cope with tremendous grief and loss and develop a career and give back to community she drew strength from Sliammon teachings which live on in the pages of **Written as I Remember It** **Thomas King** Eva Gruber, 2012 Thomas King is one of North America's foremost Native writers best known for his novels including *Green Grass Running Water* for the Dreadful Water mysteries and for collections of short stories such as *One Good Story That One* and *A Short History of Indians in Canada* But King is also a poet a literary and cultural critic and a noted filmmaker photographer and scriptwriter and performer for radio His career and oeuvre have been validated by literary awards and by the inclusion of his writing in college and university curricula Critical responses to King's work have been abundant yet most of this criticism consists of journal articles and to date only one book length study of his work exists *Thomas King Works and Impact* fills this gap by providing an up to date comprehensive overview of all major aspects of King's oeuvre as well as its reception and influence It brings together expert scholars to discuss King's role in and impact on Native literature and its processes of canonization and to offer in depth analyses of his multifaceted body of work The volume will be of interest to students and scholars of literature English and Native American studies and to King aficionados **Rooted Cosmopolitanism** Will Kymlicka, 2012 Canadians take pride in being good citizens of the world yet our failure to meet commitments on the global stage raises questions Do Canadians need to transcend national loyalties to become full global citizens Is the very idea of rooted cosmopolitanism simply a myth that encourages complacency about Canada's place in the world In this volume leading scholars assess both in theory and practice the concept of rooted cosmopolitanism using Canada as a test case They show that local identities such as patriotism and Quebec nationalism can but need not conflict with cosmopolitan principles Local ties enable and impede Canada's global responsibilities in areas such as multiculturalism climate change immigration and refugee policy and humanitarian intervention By examining how Canada has negotiated its relations to the world both within and beyond its own borders *Rooted Cosmopolitanism* evaluates the possibility of reconciling local ties and nationalism with commitments to human rights global justice and international law **First Person Plural** Sophie McCall, 2011-05-15 In this innovative exploration told to narratives or collaboratively produced texts by Aboriginal storytellers and usually non-Aboriginal writers are not romanticized as unmediated translations of oral documents nor are they dismissed as corruptions of original works Rather the approach emphasizes the interpenetration of authorship and collaboration Focused on the 1990s

when debates over voice and representation were particularly explosive this comprehensive study examines a range of told to narratives ethnography life narrative documentary in conjunction with key political events that have shaped the struggle for Aboriginal rights in Canada Emphasizing the scope rather than the limits of the told to narrative McCall considers how Aboriginal voices have been represented in a variety of forums such as public inquiries commissioners reports and land claims cases A captivating inquiry First Person Plural offers a vital interdisciplinary discussion of how told to narratives contribute to larger debates about Indigenous voice and literary and political sovereignty
