soon after their inception Vaudeville theaters remained the primary setting for the exhibition of motion pictures for the next ten years Theater patrons of the late nineteenth century were accustomed to many types of visual novelty acts on the vaudeville stage These acts included magic lantern presentations living pictures pantomime shadowgraphy puppetry and melodrama Allen 1980 311 The motion picture was simply the latest visual novelty to be shown on the stage Possibly the earliest exhibition of a motion picture projector may have been that of the Lumiere Cinematographe in France March 1895 In the United States the first exhibition of a motion picture projector in a theater may have been the Latham Eidelscope in 1895 This machine was supposedly featured on Broadway in May 1895 and later moved to Hammerstein s Olympia vaudeville theater The Latham Eidelscope subsequently appeared at Chicago s Olympia Theatre The Eidelscope had technical limitations that made the projected image indistinct and therefore did not attract large audiences

Entertainment in the Old West Jeremy Agnew,2014-01-10 Miners loggers railroad men and others flooded into the American West after the discovery of gold in 1848 and entertainers seeking to fill the demand for distraction from the workers daily toil soon followed Actors actresses and traveling troupes crisscrossed the American frontier performing in tents saloons fancy theaters and the open air This exploration of the heyday of popular theater in the Old West chronicles its emergence and growth from 1850 to the early twentieth century Here is the story of the men and women who provided myriad types of entertainment in the Old West and brought excitement laughter and tears to generations of pioneers

The Age of Dimes and Pulps Jeremy Agnew,2018-07-25 From the dime novels of the Civil War era to the pulp magazines of the early 20th century to modern paperbacks lurid fiction has provided thrilling escapism for the masses Cranking out formulaic stories of melodrama crime and mild erotica often by uncredited authors focused more on volume than quality publishers realized high profits playing to low tastes Estimates put pulp magazine circulation in the 1930s at 30 million monthly This vast body of disposable literature has received little critical attention in large part because much of it has been lost the cheaply made books were either discarded after reading or soon disintegrated Covering the history of pulp literature from 1850 through 1960 the author describes how sensational tales filled a public need and flowered during the evolving social conditions of the Industrial Revolution
