Elsen,1974 An examination of revolutionary sculptors and pieces of sculpture that emerged between 1890 and 1918 *Naum Gabo, the Constructive Idea* Naum Gabo,Museum of Modern Art (Oxford, England),1987 The Triumph of Modernism Hilton Kramer,2013-12-09 Widely acknowledged as the most authoritative art critic of his generation Hilton Kramer advanced his comments and judgments largely in the form of essays and short pieces Thus this first collection of his work to appear in twenty years is a signal event for the art world and for criticism generally The Triumph of Modernism not only traces the vicissitudes of the art scene but diagnoses the state of modernism and its vital legacy in the postmodern world Mr Kramer bracingly updates his incisive critique of the artists critics institutions and movements that have formed the basis for modern art Appearing for the first time in greatly expanded form is his consideration of the foundations of modern abstract painting and the future of abstraction The aesthetic intelligence that Mr Kramer brings to bear on certain tired assumptions about modernism many of them derived from methodologies and politics that have little to do with art helps rescue the artwork itself and its appreciation from the very institutions such as the art museum and the academy that purport to foster it Always clear eyed and vastly illuminating Hilton Kramer s art criticism remains among the very finest written in the past hundred years Readers of The Triumph of Modernism will be treated to an exhilarating experience *A Mind in Motion: the Art of Charles H. Forrester* ,2020-09-22 A retrospective on the life and work of the gifted sculptor Charles H Forrester 1928 2010 reveals a man whose mind was in constant motion His artwork spans six decades and is lavishly illustrated with commentary from art historians and contemporary artists A Mind in Motion The Art of Charles H Forrester offers an in depth guide into the mind and artistic legacy of the artist Curated by his daughter Winifred the book vividly presents more than eighty stunning images organized by ten distinct categories and five creative series of his most significant artwork This richly visual coffee table book will appeal to art lovers everywhere Forrester was the master of the visual pun and comes to life through his legacy sculptures paintings and drawings and journals He was especially adept at working with the human figure creating abstract figurative forms in materials ranging from welded steel to laminated plywood His engineering prowess was reflected in his kinetic sphere sculptures and wire suspension works He captured startlingly realistic details yet his works are highly stylized often twisted into sly visual puzzles and riddles The artist s large concrete outdoor sculptures across the United States and England are among his most well known works but he also created many smaller sculptures cast in bronze and aluminum With roots in New York and the Pacific Northwest and as a teacher for thirty years in England and Kentucky Forrester s work directly impacted generations of sculptors and artists His frequent sabbaticals and residencies in Europe the Middle East and the Americas provided him inspiration for his life long creativity In 1998 Forrester and his wife Dorothy moved to East
