diverse ever changing experience of a Southwest community defined by cultural borders and the nature and role of children in defending and crossing those borders In this book we listen to the voices of elders who knew Magdalena nearly a century ago and the voices of a younger generation who negotiated the community s shifting boundaries Their stories take us to sheep and cattle ranches Navajo ceremonies Hispanic fiestas mining camps First Communion classes ranch house dances Indian boarding school drill fields high school social activities and children s rodeos Here we learn how class religion language and race influenced the creation of distinct identities and ethnic boundaries but also provided opportunities for cross cultural interactions and intimacies And we see the critical importance of education in both reinforcing differences and opening a shared space for those differences to be experienced and bridged In this Adams s work offers a close up view of the transformation of one multicultural community but also of the transformation of childhood itself over the course of the twentieth century A unique blend of oral social and childhood history *Three Roads to Magdalena* is a rare living document of conflict and accommodation across ethnic boundaries in our ever evolving multicultural society Published in Cooperation with the William P Clements Center for Southwest Studies Southern Methodist University *The Columbia Guide to American Indian Literatures of the United States Since 1945* Eric Cheyfitz,2006 *The Columbia Guide to American Indian Literatures of the United States Since 1945* is the first major volume of its kind to focus on Native literatures in a postcolonial context Written by a team of noted Native and non Native scholars these essays consider the complex social and political influences that have shaped American Indian literatures in the second half of the twentieth century with particular emphasis on core themes of identity sovereignty and land In his essay comprising part I of the volume Eric Cheyfitz argues persuasively for the necessary conjunction of Indian literatures and federal Indian law from Apess to Alexie Part II is a comprehensive survey of five genres of literature fiction Arnold Krupat and Michael Elliott poetry Kimberly Blaeser drama Shari Huhndorf nonfiction David Murray and autobiography Kendall Johnson and discusses the work of Vine Deloria Jr N Scott Momaday Joy Harjo Simon Ortiz Louise Erdrich Leslie Marmon Silko Gerald Vizenor Jimmy Santiago Baca and Sherman Alexie among many others Drawing on historical and theoretical frameworks the contributors examine how American Indian writers and critics have responded to major developments in American Indian life and how recent trends in Native writing build upon and integrate traditional modes of storytelling Sure to be considered a groundbreaking contribution to the field *The Columbia Guide to American Indian Literatures of the United States Since 1945* offers both a rich critique of history and a wealth of new information and insight **Women and Gender in the American West** Mary Ann Irwin,James Brooks,2004-10-30 The Joan Jensen Darlis Miller Prize recognizes outstanding scholarship on gender and women s history in the West The winning essays are collected here for the first time in one volume *Studying Native America* Russell Thornton,1998 This book addresses for the first time in a comprehensive way the place of Native American studies in the university curriculum Provided by publisher **Working the Navajo Way** Colleen M.
