Nazis En El Sur:

Nazis en el sur Carlos De Nápoli, 2016-08-17 La huella del nazismo en Colombia Bolivia y la Argentina en esta investigación rigurosa y documentada del recordado Carlos De Nápoli El expansionismo alemán desde la política de Guillermo II a fines del siglo XIX hasta el imperio soñado por Adolf Hitler encontraron en América del Sur un territorio prometedor de riquezas naturales varias de cuya explotación se serviría al régimen Colombia Bolivia y Argentina fueron entonces tierras codiciadas para el desarrollo de negocios y puertos seguros para el desembarco de naves y jerarcas muchos de estos movimientos se hicieron por fuera de la legalidad En este libro Carlos De Nápoli pone de relieve una historia estremecedora que empieza antes de la llegada de Hitler al poder y continúa después de la caída en 1945 El recordado De Nápoli merece a este relanzamiento de todas las investigaciones que realizó para perseguir la huella nazi en nuestro país En *Nazis en el sur* el lector encontrará el sello inconfundible de un autor de fuste rigor acceso privilegiado a fuentes y destreza narrativa para volver a poner en presente momentos cruciales de la historia contemporánea , *Nazi Occultism* Stéphane François, 2023-03-14 *Nazi Occultism* provides a serious scholarly study of a topic that is often marred by sensationalism and misinformation The Morning of the Magicians by Pauwels and Bergier 1960 gave rise to the idea that a secret society with wide powers the Thule society was the hidden and ignored centre of Nazism The influence of this very real small group is however only a fantasy a myth The author a historian specializing in neo Nazism looks back on this speculative construction its origins its ideological tinkering and the practices which have succeeded in forming a sort of radical and sulphurous counterculture which has created a fascination with esotericism and Nazism and the SS To better understand it he also paints a portrait of some of the authors who contributed to this extremist subculture such as the Italian esotericist Julius Evola the Argentine anthropologist Jacques Marie de Mahieu Chilean neo Nazi Miguel Serrano and the writer Jean Paul Bourre This book will appeal to scholars researchers and activists as well as general readers with an interest in the history of Nazism and the occult **France and Germany in an Age of Crisis, 1900-1960** Shamir, 2023-04-12 France and Germany two great powers in Europe and the world had in many respects a similar fate in the first half of the twentieth century Both nations knew war and defeat social upheaval grave economic crisis as well as political turmoil including major changes in their political regime On the other hand the two countries also faced some very different experiences in the course of their history in this period Germany had the terrible experience of the Third Reich while France shared with other powers the agonies of decolonisation Here is a collection of twenty two studies dealing with important aspects of the history of the two nations The studies are grouped under seven headings and include topics like foreign policy in peace and war domestic changes the impact of ideologies the colonial and Jewish aspects Taken as a whole these studies offer many new perceptions and insights to the history of France and Germany in the twentieth century Huyendo del infierno nazi Eva Goldschmidt Wyman, 2008 *Nazi Camps and their Neighbouring Communities* Helen J. Whatmore-Thomson, 2020-08-07 Nazi

concentration camps KZs were established in the vicinity of local communities across Europe Arguably the individuals in these communities were not perpetrators nor were they victims like those imprisoned in the camps Yet they did not simply stand by on the sidelines passive uninvolved or untouched by the presence of the camps Local citizenries engaged in ambiguous and highly interactive relations with their local camps willingly and unwillingly working for the perpetrators but also aiding inmates After the war Nazi camps were often repurposed initially as post war internment camps and subsequently as penal institutions military compounds or housing encampments Over time many were transformed into sites of memory to commemorate Nazi persecution Governments and groups of survivors have often determined the re use and commemoration of KZs but these processes take place on local territory and have direct implications for nearby communities Therefore locals have continued to interact with camp legacies

Nazi Camps and their Neighbouring Communities examines how local populations evolved to live with the Nazi camps both before and after the war Helen J Whatmore Thomson evaluates the different sorts of locality camp relationships that developed in wartime France Germany and the Netherlands and how these played out in post war scenarios of re use and memorialization Using three case studies of major camps in western Europe Natzweiler Struthof Neuengamme and Vught the book traces the contested developments of these camp sites in the changing political climates of the post war years and explores the interrelated dynamics and trajectories of local and national memory

Psychoanalysis Under Nazi Occupation Laura Sokolowsky, 2021-09-30 Laura Sokolowsky's survey of psychoanalysis under Weimar and Nazism explores how the paradigm of a psychoanalysis for all became untenable as the Nazis rose to power Mainly discussing the evolution of the Berlin Institute during the period between Freud's creation of free psychoanalytic centres after the founding of the Weimar Republic and the Nazi seizure of power in 1933 the book explores the ideal of making psychoanalysis available to the population of a shattered country after World War I and charts how the Institute later came under Nazi control following the segregation and dismissal of Jewish colleagues in the late 1930s The book shows how Freudian standards resisted the medicalisation of psychoanalysis for purposes of adaptation and normalisation but also follows Freud's distinction between sacrifice where you know what you have given up and concession an abandonment of position through compromise to demonstrate how German psychoanalysts put themselves at the service of the fascist master in the hope of obtaining official recognition and material rewards Discussing the relations of psychoanalysis with politics and ethics as well as the origin of the Lacanian movement as a response to the institutionalisation of psychoanalysis during the Nazi occupation this book is fascinating reading for scholars and practitioners of psychoanalysis working today

A French Slave in Nazi Germany Elie Poulard, 2016-09-15 The Required Work Service Law or Service du Travail Obligatoire was passed in 1943 by the Vichy government of France under German occupation Passage of the law confirmed the French government's willing collaboration in providing the Nazi regime with French manpower to replace German workers sent to fight in the war The result was the deportation of 600 000 young

Frenchmen to Germany where they worked under the harshest conditions Elie Poulard was one of the Frenchmen forced into labor by the Vichy government Translated by his brother Jean V Poulard Elie s memoir vividly captures the lives of a largely unrecognized group of people who suffered under the Nazis He describes in great detail his ordeal at different work sites in the Ruhr region the horrors that he witnessed and the few Germans who were good to him Through this account of one eyewitness on the ground we gain a vivid picture of Allied bombing in the western part of Germany and its contribution to the gradual collapse and capitulation of Germany at the end of the war Throughout his ordeal Elie s Catholic faith good humor and perseverance sustained him Little has been published in French or English about the use of foreign workers by the Nazi regime and their fate The Poulards book makes an important contribution to the historiography of World War II with its firsthand account of what foreign workers endured when they were sent to Nazi Germany The memoir concludes with an explanation of the ongoing controversy in France over the opposition to the title *D port du Travail* which those who experienced this forced deportation like Elie gave themselves after the war

On the Edge of the Holocaust Edna Aizenberg, 2016 Sheds new light on the views and attitudes of Latin American writers during the Nazi era *When the Nazis Came to Skokie* Philippa Strum, 1999 Strum political science City U of New York Brooklyn describes the events when a neo Nazi group announced it would parade in the Chicago suburb in 1977 and the ensuing court case that tested the devotion of many to the principles of free speech Annotation copyrighted by Book News Inc Portland OR
