NEA, Trojan Horse in American Education Samuel L. Blumenfeld, 1984 *Liberating the Nations* Stephen K. McDowell, Mark A. Beliles, 2008 The Bible teaches and history confirms that to the degree that nations have applied the principles of the Bible in all spheres of life is the degree to which they have prospered been free and acted justly Learn biblical principles as they apply to various spheres of life Examine the role of the church the family the media and civil government in a nation and learn what you can do to bring Godly reform *Weighed in the Balance and Found Wanting* Paul D. Lindstrom, 1996 **Homeschooling For Dummies** Jennifer Kaufeld, 2011-04-20 If you believe that a good education is the greatest gift you can give your child you re probably pretty unhappy with what s being taught in most classrooms these days If you think that education should do more than just train kids to take standardized tests that it should build their critical thinking skills enable them to weigh ethical considerations instill a passion for learning and reflect your core values and beliefs then you re probably fed up with the current state of our schools If like many parents you re wondering whether homeschooling can be the solution you re looking for then you ll be happy to know that the answer is yes and Home Schooling For Dummies shows you how This friendly well informed guide is a valuable resource for parents considering homeschooling as well as veteran homeschooler interested in fresh homeschooling ideas It gets you on track with what you need to know to confidently De termine whether homeschooling is right for you and your family Get started in homeschooling Obtain teaching materials Develop a curriculum that reflects your values and beliefs Comply with all legal requirements Find healthy social outlets for your kids Join a homeschooling cooperative From textbooks to computers to state compliance expert Jennifer Kaufeld covers all the bases She anticipates most of your questions about homeschooling and answers them with clear easy to follow answers enlivened by real life accounts by parents around the nation who have opted to homeschool their children Topics covered include Deciding at what age to begin Determining your kid s learning style and teaching to it Teaching special needs children Developing a curriculum that s right for your children Finding social outlets for you homeschoolers Complying with state and federal regulations Teaching at the primary middle school and high school levels Preparing for the SATs ACT and other key standardized tests Networking with other homeschoolers You shouldn t have to compromise on your children s education Get Homeschooling For Dummies and find out how to turn your home into a school and raise smart well adjusted kids [The Beast on the East River](#) Nathan Tabor, 2006-10-29 A call to arms for Americans to assert and preserve our national sovereignty by stopping the globalist agenda of the United Nations Is the United Nations the benign force for good that so many proclaim Or is there a darker agenda at work behind the scenes Nathan Tabor reveals the sinister plan behind the glossy image of world cooperation painted by the UN and its defenders The Beast on the East River includes original research into key policy areas including population control education and the international criminal court And it offers practical steps that concerned American citizens can take before it s too late In his

debut book rising conservative voice Nathan Tabor offers a frightening exposé of the United Nations global power grab and its ruthless attempt to control US education law gun ownership taxation and reproductive rights We are already very nearly at the point of no return says Tabor and most Americans aren't even aware of the impending danger This book is a call to immediate action read its contents very carefully What you will discover may surprise and anger you His book provides a measured intellectual argument against allowing the corrupt collectivist internationalists of the UN and its many metastasized affiliates to undermine and eventually steal one of America's most precious possessions its sovereignty Henry Mark Holzer CBN The Christian Broadcasting Network

The Great Reading Disaster Mona McNeer, 2012-02-20 By the late 1980s half the nation's children were receiving eleven years of progressivist schooling that failed to give them even the elementary basis of education that was completed by the age of seven in earlier days This great reading disaster was caused by the look say method of teaching which presented whole words not individual letters This book explains the causes and provides the solution to this problem In 2006 the Secretary of State for Education and Skills has ordered schools to use the phonic method but there seems little evidence that its implications are properly understood or that any serious retraining programme for teachers is being put in place The authors believe their explanations and recommendations in this book are thus needed just as much as ever

Christianity's Dangerous Idea Jonas E. Alexis, 2010 Today many in Hollywood and the media have declared open warfare on the family education and Christianity in general Intellectuals have labeled religion particularly Christianity as mere wish fulfillment or a virus of the mind something to be eradicated at all costs In Christianity's Dangerous Idea Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity and the people who promote those fallacies This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history science experience common sense and final destiny More importantly Alexis subjects the rivals of Christianity to the same rigorous testing Christianity's Dangerous Idea clearly demonstrates the destructive nature of popular atheistic and anti-Christian philosophies spread throughout Western culture by such famous people as Friedrich Nietzsche Sigmund Freud Carl Jung David Cronenberg Steven Spielberg Alan Moore William S Burroughs Philip K Dick Bruce Lee Ayn Rand Bart D Ehrman Richard Dawkins and many more In a scholarly yet readable fashion Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age

The New Hate Arthur Goldwag, 2012-09-04 A Kirkus Reviews Best Book of 2012 From the author of *Isms and Ologies and Cults Conspiracies and Secret Societies* here is a deeply researched fascinating history of the role that organized hatred has played in American politics The New Hate takes readers on a surprising often shocking sometimes bizarrely amusing tour through the swamps of nativism racism and paranoia that have long thrived on the American fringe Arthur Goldwag shows us the parallels between the hysteria about the Illuminati that wracked the new American Republic in the 1790s and the McCarthyism that roiled the 1950s and he discusses the

similarities between the anti New Deal forces of the 1930s and the Tea Party movement today He traces Henry Ford s anti Semitism and the John Birch Society s Insiders back to the notorious Protocols of the Elders of Zion and he relates white supremacist nightmares about racial pollution to nineteenth century fears of papal plots Written with verve and wit this lively history is indispensable reading for anyone who wants to understand the recent re ascendance of extremism in American politics

Power in the Highest Degree Charles Derber, William A. Schwartz, Yale Magrass, 1990-06-21 Lawyer doctor scientist these are the jobs Americans commonly cite when asked to list the most prestigious occupations The word professional today implies expertise authority and excellence To do a job professionally is to do it well Yet in a society in which knowledge has become a prized asset and an advanced degree the ticket to wealth and power the rise of professionalism has a darker more ominous side *Power in the Highest Degree* one of the most comprehensive studies of professionals ever undertaken exposes professionalism as a double edged sword it illustrates how experts have come to own and control knowledge much like the wealthy control capital thereby transforming capitalist and socialist society both for better and for worse Knowledge long predates money as a source of power and wealth in human society and professionals are only the most recent in a long succession of powerful knowledge classes that have included shaman witchdoctors and the Confucian mandarins who ruled China for over a thousand years Drawing on interviews with over 1 000 practicing professionals the authors show how by dispensing self interested and morally colored judgements as scientific truth modern professionals are consolidating a monopoly over what passes for objective knowledge Experts discredit the ordinary knowledge of the general public to generate a vast market of dependent clients The result is a powerful professional class that creates vital new knowledge and life saving services but also wields growing influence over a population deeply insecure about its ability to manage private and public affairs without expert guidance This sweeping study also reveals that more and more experts are abandoning private practice to work for corporations becoming junior partners in a new Mandarin capitalism While often outspoken advocates of a more socially responsible business world professionals have joined big business to produce one of the most pronounced divisions of mental and manual work in history creating a new dispossessed majority the uncredentialed We learn of an experiment at Polaroid to give machine operators more responsibility which is cancelled when managers and engineers decided that they just didn t want operators that qualified The authors argue that as this new mandarin class radically transforms the social order it helps to reform some of the traditional scourges of the business world but also poses a new threat to equality in America To reverse this trend they propose a post professional society that de emphasizes skill hierarchies and substantially democratizes knowledge A bold and incisive new work of social criticism this book provides a fascinating look at the modern professional and provokes Americans to think in a new way about democracy in the age of experts

The Ruling Elite Deanna Spingola, 2011-04-14 Lincoln s war the North s attack on the South took the life of 622 000 citizens and altered the government s structure Marx and Engels watched the war from

afar and applauded his efforts The media and our government controlled schools have presented a deceptive view of every historical event and have whitewashed the most scandalous political leaders and vilified leaders who have worked in the best interests of the people Following Lincoln s precedent setting war we have been repeatedly lied into wars Currently our young men and women shed their blood in foreign lands while well connected corporations make massive profits rebuilding the infrastructure that other corporations have demolished Meanwhile our politicians possessing inside knowledge grow richer through their investments and the bribes they accept from deep pocketed lobbyists They have not listened to their constituents for decades CIA thugs in behalf of the corporations commit terrorist acts in other countries which the U S government and media blame on the so called insurgents In 2010 the Pentagon paid the following to the top five out of 100 1 Lockheed Martin Corp 16 700 588 328 2 Northrop Grumman Corp 11 145 533 497 3 Boeing Co 10 462 626 196 4 Raytheon Co 6 727 232 555 5 Science Applications International Corp 5 474 482 583 Yet throughout the country vital infrastructure is crumbling and politicians are selling taxpayer funded public properties to private interests as a profitable venture The new owners exploit the public by raising service rates while diminishing the services
