Outlines of Cosmic Philosophy, Vol. 3 of 4 John Fiske, 2015-06-16 Excerpt from Outlines of Cosmic Philosophy Vol 3 of 4 Based on the Doctrine of Evolution With Criticisms on the Positive Philosophy In that most delightful of printed books the Conversations of Goethe with Eckermann and Soret there is an amusing anecdote which shows how distinctly the great master realized the importance of the question of the origin of species The news of the French Revolution of July 1830 had just reached Weimar and set the whole town in commotion In the course of the afternoon says Soret I went around to Goethe s Now exclaimed he to me as I entered what do you think of this great event The volcano has come to an eruption everything is in flames and we have no longer a transaction with closed doors Terrible affair said I but what could be expected under such outrageous circumstances and with such a ministry otherwise than that the whole would end with the expulsion of the royal family My good friend gravely returned Goethe we seem not to understand each other About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
