Pilgrimage as Transformative Process Heather A. Warfield, Kate Hetherington, 2018-11-26 The construct of transformation has emerged as a prominent theme in academic discourse Based on the accepted notion that processes and living organisms are in an ongoing state of development it is unsurprising that this concept of transformation would find resonance within literature on the pilgrimage phenomenon Examples of transformational processes intersecting with pilgrimage are the movement from sickness to wellness from grief to closure and from fractured to integrated That the pilgrimage journey itself can be construed as a transformational quest was noted by Winkleman and Dubisch 2005 who stated Life transforming experiences are at the core of both traditional and more contemporary forms of pilgrimage In the

current volume Warfield and Hetherington examine the transformational process of pilgrimage journeys Contributors are Sharenda Holland Barlar Anne M Blankenship Valentina Bold Shirley du Plooy Alexandria M Egler Miguel Tain Guzman Kate Hetherington Scott Libson Chadwick Co Sy Su Kip Redick Roy Tamashiro and Heather A Warfield *Medieval Art, Architecture and Archaeology in the Dioceses of Aberdeen and Moray* Jane Geddes, 2016-04-14 Exploring the medieval heritage of Aberdeenshire and Moray the essays in this volume contain insights and recent work presented at the British Archaeological Association Conference of 2014 based at Aberdeen University The opening historical chapters establish the political economic and administrative context of the region looking at both the secular and religious worlds and include an examination of Elgin Cathedral and the bishops palaces The discoveries at the excavations of the kirk of St Nicholas which have revealed the early origins of religious life in Aberdeen city are summarized and subsequent papers consider the role of patronage Patronage is explored in terms of architecture the dramas of the Reformation and its aftermath highlighted through essentially humble parish churches assailed by turbulent events and personalities The collegiate church at Cullen particularly its tomb sculpture provides an unusually detailed view of the spiritual and dynastic needs of its patrons The decoration of spectacular ceilings both carved and painted at St Machar s Cathedral Provost Skene s House and Crathes Castle are surveyed through the eyes of their patrons and the viewers below Saints and religious devotion feature in the last four chapters focusing on the carved wooden panels from Fetteresso which display both piety and a rare glimpse of Scottish medieval carnal humour the illuminated manuscripts from Arbutnott the Aberdeen Breviary and Historia Gentis Scotorum The medieval artistic culture of north east Scotland is both battered by time and relatively little known With discerning interpretation this volume shows that much high quality material still survives while the lavish illustrations restore some glamour to this lost medieval world The Oxford Handbook of Later Medieval Archaeology in Britain Christopher Gerrard, Alejandra Gutiérrez, 2018-01-11 The Middle Ages are all around us in Britain The Tower of London and the castles of Scotland and Wales are mainstays of cultural tourism and an inspiring cross section of later medieval finds can now be seen on display in museums across England Scotland and Wales Medieval institutions from Parliament and monarchy to universities are familiar to us and we come into contact with the later Middle Ages every day when we drive through a village or town look up at the castle on the hill visit a local church or wonder about the earthworks in the fields we see from the window of a train The Oxford Handbook of Later Medieval Archaeology in Britain provides an overview of the archaeology of the later Middle Ages in Britain between AD 1066 and 1550 61 entries divided into 10 thematic sections cover topics ranging from later medieval objects human remains archaeological science standing buildings and sites such as castles and monasteries to the well preserved relict landscapes which still survive This is a rich and exciting period of the past and most of what we have learnt about the material culture of our medieval past has been discovered in the past two generations This volume provides comprehensive coverage of the latest research and describes the major projects and concepts that are

changing our understanding of our medieval heritage Medieval St Andrews Michael Brown, Katie Stevenson, 2017 First extended treatment of the city of St Andrews during the middle ages St Andrews was of tremendous significance in medieval Scotland Its importance remains readily apparent in the buildings which cluster the rocky promontory jutting out into the North Sea the towers and walls of cathedral castle and university provide reminders of the status and wealth of the city in the Middle Ages As a centre of earthly and spiritual government as the place of veneration for Scotland's patron saint and as an ancient seat of learning St Andrews was the ecclesiastical capital of Scotland This volume provides the first full study of this special and multi faceted centre throughout its golden age The fourteen chapters use St Andrews as a focus for the discussion of multiple aspects of medieval life in Scotland They examine church spirituality urban society and learning in a specific context from the seventh to the sixteenth century allowing for the consideration of St Andrews alongside other great religious and political centres of medieval Europe Michael Brown is Professor of Medieval Scottish History University of St Andrews Katie Stevenson is Keeper of Scottish History and Archaeology National Museums Scotland and Senior Lecturer in Late Medieval History University of St Andrews Contributors Michael Brown Ian Campbell David Ditchburn Elizabeth Ewan Richard Fawcett Derek Hall Matthew Hammond Julian Luxford Roger Mason Norman Reid Bess Rhodes Catherine Smith Katie Stevenson Simon Taylor Tom Turpie *The Oxford Companion to Scottish History* Michael Lynch, 2007 Searchable online reference covers more than 20 centuries of history and interpret history broadly covering areas such as archaeology climate culture languages immigration migration and emigration Multi authored entries analyze key themes such as national identity women and society living standards and religious belief across the centuries in an authoritative yet approachable way The A Z entries are complemented by maps genealogies a glossary a chronology and an extensive guide to further reading From title screen *An Urban History of The Plague* Karen Jillings, 2018-04-17 As a medical economic spiritual and demographic crisis plague affected practically every aspect of an early modern community whether on a local regional or national scale Its study therefore affords opportunities for the reassessment of many aspects of the pre modern world This book examines the incidence and effects of plague in an early modern Scottish community by analysing civic medical and social responses to epidemics in the north east port of Aberdeen focusing on the period 1500 1650 While Aberdeen's experience of plague was in many ways similar to that of other towns throughout Europe certain idiosyncrasies in the city make it a particularly interesting case study which challenges several assumptions about early modern mentalities **Kind Neighbours: Scottish Saints and Society in the Later Middle Ages** Tom Turpie, 2015-08-31 In Kind Neighbours Tom Turpie explores devotion to Scottish saints and their shrines in the later middle ages He provides fresh insight into the role played by these saints in the legal and historical arguments for Scottish independence and the process by which first Andrew and later Ninian were embraced as patron saints of the Scots Kind Neighbours also explains the appeal of the most popular Scottish saints of the period and explores the relationship between regional shrines and the Scottish monarchy Rejecting

traditional interpretations based around church led patriotism or crown patronage Turpie draws on a wide range of sources to explain how religious political and environmental changes in the later middle ages shaped devotion to the saints in Scotland
