Voices From the Napoleonic Wars Jon E. Lewis, 2015-04-09 *Voices from the Napoleonic Wars* reveals in telling detail the harsh lives of soldiers at the turn of the eighteenth century and in the early years of the nineteenth the poor food and brutal discipline they endured along with the forced marches and bloody hand to hand combat Contemporaries were mesmerised by Napoleon and with good reason in 1812 he had an unprecedented million men and

more under arms His new model army of volunteers and conscripts at epic battles such as Austerlitz Salamanca Borodino Jena and of course Waterloo marked the beginning of modern warfare the road to the Sommes and Stalingrad The citizen in arms of Napoleon s Grande Arm e and other armies of the time gave rise to a distinct body of soldiers personal memoirs The personal accounts that Jon E Lewis has selected from these memoirs as well as from letters and diaries include those of Rifleman Harris fighting in the Peninsular Wars and Captain Alexander Cavalie Mercer of the Royal Horse Artillery at Waterloo They cover the land campaigns of the French Revolutionary Wars 1793 1802 the Napoleonic Wars 1803 1815 and the War of 1812 1812 1815 in North America This was the age of cavalry charges of horse drawn artillery of muskets and hand to hand combat with sabres and bayonets It was an era in which inspirational leadership and patriotic common cause counted for much at close quarters on chaotic and bloody battlefields The men who wrote these accounts were directly involved in the sweeping campaigns and climactic battles that set Europe and America alight at the turn of the eighteenth century and in the years that followed Alongside recollections of the ferocity of hard fought battles are the equally telling details of the common soldier s daily life short rations forced marches in the searing heat of the Iberian summer and the bitter cold of the Russian winter debilitating illnesses and crippling wounds looting and the lash but also the compensations of hard won comradeship in the face of ever present death Collectively these personal accounts give us the most vivid picture of warfare 200 and more years ago in the evocative language of those who knew it at first hand the men and officers of the British French and American armies They let us know exactly what it was like to be an infantryman a cavalryman an artilleryman of the time

Screening the Gothic Lisa Hopkins,2010-01-01 Filmmakers have long been drawn to the Gothic with its eerie settings and promise of horror lurking beneath the surface Moreover the Gothic allows filmmakers to hold a mirror up to their own age and reveal society s deepest fears Franco Zeffirelli s Jane Eyre Francis Ford Coppola s Bram Stoker s Dracula and Kenneth Branagh s Hamlet are just a few examples of film adaptations of literary Gothic texts In this ground breaking study Lisa Hopkins explores how the Gothic has been deployed in these and other contemporary films and comes to some surprising conclusions For instance in a brilliant chapter on films geared to children Hopkins finds that horror resides not in the trolls wizards and goblins that abound in Harry Potter but in the heart of the family Screening the Gothic offers a radical new way of understanding the relationship between film and the Gothic as it surveys a wide range of films many of which have received scant critical attention Its central claim is that paradoxically those texts whose affiliations with the Gothic were the clearest became the least Gothic when filmed Thus Hopkins surprises readers by revealing Gothic elements in films such as Sense and Sensibility and Mansfield Park as well as exploring more obviously Gothic films like The Mummy and The Fellowship of the Ring Written in an accessible and engaging manner Screening the Gothic will be of interest to film lovers as well as students and scholars
