It is a mistake to think that the practice of my art has become easy to me. I assure you, dear friend, no one has given so much care to the study of composition as I. There is scarcely a famous master in music whose works I have not frequently and diligently studied. Mozart, Wolfgang Amadeus. Mozart, 1756-1791. baptized Johannes Chrysostom Wolfgangus Theophilus. Mozart is widely considered to be the culminating figure of the Classical Period in music, which spanned much of the 18th to early 19th centuries. As such, he is remembered as one of Western Civilization's most prodigious and spontaneous natural talents, on par with Leonardo da Vinci and Johann Sebastian Bach. Mozart once called music his life, and indeed few were as naturally gifted at it. Mozart's memory and genius for music allowed him to compose lengthy works, even full-length operas, without transferring them to paper until he had fully

visualized and retained them He regarded copying as a tedious task and this caused no small amount of consternation among performers in particular the orchestra some of whom received their parts minutes before curtain This was said to be the case for the premiere of Don Giovanni where Mozart was furiously scrawling and handing out parts to the overture with the audience in attendance Surprisingly these entire works sometimes hundreds of pages not penned until they were complete in his mind usually arrived to the manuscript without a single blemish or change of heart Mozart s eccentricities are remembered centuries after his death to the point that much of his life illnesses and death have been mythologized and today a lot of his legacy has been shaped by the manner in which his personality has been depicted in biographical works like Amadeus In addition to a large and consistently high level body of work Mozart represents for some the real beginning of the German lineage to the 20th century although Ludwig Beethoven greatly under Mozart s influence created much of that transition s reality Three of Mozart s operas are continually in the top 10 works performed around the world his piano concerti and symphonies are all in the standard repertoire save for some of the earliest and his choral works are treasures of the West The bulk of his reputation was not garnered by breaking with tradition and destroying it but rather by fulfilling it with a greater beauty and naturalness than was possible for any other artist of the time Mozart was perhaps the world s greatest master of the modern melody coming onto the scene after centuries of rule laden pedantic and convoluted procedures dominated by the Catholic Church and he certainly possessed one of the most astonishing levels of intelligence in European history Wolfgang Amadeus Mozart The Life and Music of the Great Composer comprehensively analyzes the themes and revolutionary advancements of Mozart s music looking at his most famous works and comparing and contrasting them Along with pictures of important people places and events you will learn about Mozart and his music like never before in no time at all [The Mostly Mozart Guide to Mozart](#) Carl Vigeland,2009-07 A fresh accessible guide to Mozart s life and works Over a period of roughly twenty years Wolfgang Amadeus Mozart composed more than 600 finished pieces of music If you were the director of a major symphony orchestra you could program only works by Mozart for an entire year and still you would barely have scratched the surface of the composer s immense and immensely moving body of work The Mostly Mozart Guide to Mozart is an accessible insightful and entertaining resource for music lovers looking for a deeper understanding of the genius of Mozart It combines a brief and revealing account of his life and times with a comprehensive survey of his major compositions You ll also discover accounts of major performances fascinating anecdotes about Mozart and his works comments from artists past and present and tips on what to listen for when you listen to Mozart And a selected discography will help you develop a fantastic collection of recordings by the finest modern musicians playing Mozart s greatest music Filled with insightful quotes from fellow composers critics and Mozart admirers as well as informative illustrations The Mostly Mozart Guide to Mozart answers all of your questions about this transcendent genius and his music and probably some you never thought to ask *18th Century Superstar: Mozart* Georgia Beth,2018-03-29 Read Along or Enhanced eBook
