Nice People Rednecks Ireland In The 1980s:

Nice People & Rednecks Desmond Fennell, 1986

Ireland and Cultural Theory Colin Graham, Richard

Kirkland, 1999-03-15 *Ireland and Cultural Theory* is a unique and timely collection offering the first major assessment of how theoretical readings of Ireland and Irish culture have begun to question the grounds of debate in Irish studies Contributions engage with the concept of the authentic in Irish culture through analyses of film television and literature emigration and institutional critical practice This lively and challenging volume will be of interest to lecturers and students in the field of cultural studies Irish studies and critical theory The Transformation Of Ireland 1900-2000 Diarmaid Ferriter, 2010-07-09

A ground breaking history of the twentieth century in Ireland written on the most ambitious scale by a brilliant young historian It is significant that it begins in 1900 and ends in 2000 most accounts have begun in 1912 or 1922 and largely ignored the end of the century Politics and political parties are examined in detail but high politics does not dominate the book which rather sets out to answer the question What was it like to grow up and live in 20th century Ireland It deals with the North in a comprehensive way focusing on the social and cultural aspects not just the obvious political and religious divisions *Interpreting Northern Ireland* John Whyte, 1991-10-03 Relative to its size Northern Ireland is possibly the most heavily researched area on earth hundreds of books and thousands of articles have been published since the current troubles began in the mid 1960s John Whyte had been studying Northern Ireland since the mid 1960s In *Interpreting Northern Ireland* he provides a badly needed guide to the mass of literature and comment In Part I he surveys the research on the nature and extent of the community divide examining in turn the religious economic political and psychological aspects of the issue In Part II he discusses ideological interpretations of the Northern Ireland problem from unionist and nationalist to Marxist In the final section of the book he surveys the various solutions that have been proposed and looks critically at what the mass of research has achieved He suggests that if it has not achieved more it may be because it has sometimes asked the wrong questions

Northern Ireland and the Politics of Reconciliation Dermot Keogh, Michael H. Haltzel, 1993 This collection adds to the extensive literature on Northern Ireland and Ireland by bringing together the leading academic and political figures working in the field and offering a comprehensive multidisciplinary overview of the historical process The topics discussed include the remote and proximate causes of the conflict fresh developments within the two states on the island the role of the Roman Catholic Church the rise of the ecumenical movement and the impact of the 1985 Anglo Irish Agreement on the triangular relationship between Dublin Belfast and London The volume concludes with an evaluation of likely impact of membership of the European Community on the conflict in Northern Ireland The contributors to this book do not offer any easy solutions but provide a context in which the problem may be better understood by the international scholarly community and by the interested general reader

The impact of the Troubles on the Republic of Ireland, 1968-79 Brian Hanley, 2018-07-19 The first book to examine in detail the impact of the Northern Irish Troubles on southern

Irish society This study vividly illustrates how life in the Irish Republic was affected by the conflict north of the border and how people responded to the events there It documents popular mobilization in support of northern nationalists the reaction to Bloody Sunday the experience of refugees and the popular cultural debates the conflict provoked For the first time the human cost of violence is outlined as are the battles waged by successive governments against the IRA Focusing on debates at popular level rather than among elites the book illustrates how the Troubles divided southern opinion and produced long lasting fissures

The Irish 2018 Abortion Referendum Brian Nugent, 2019-03-30 The 8th amendment of the Irish Constitution The State acknowledges the right to life of the unborn and with due regard to the equal right to life of the mother guarantees in its laws to respect and as far as practicable by its laws to defend and vindicate that right This famous much loved clause in the Irish constitution was repealed on the 25th of May 2018 allowing the passage of one of the most liberal abortion laws in Europe in a traditionally pro life country This book seeks to answer the conundrum of why this happened in particular why there was such a large Yes vote overturning decades of pro life activism in the country It centres on the questions of media bias feminism anticlericalism and the subtle but serious political effects of the rise of atheism in modern Ireland

The Gaybo Revolution Finola Doyle O'Neill, 2017-08-30 It is no exaggeration to call Gay Byrne a colossus of the Irish broadcasting scene Throughout the latter half of the twentieth century as host of both the Late Late Show and the Gay Byrne Show he played a seminal role in the shift in Irish society and culture from the Church dominated fearful state of the early 1960s to the modern multicultural Ireland we live in today The Gaybo Revolution examines the significance of Gay Byrne's influence on this maturation of Irish society while simultaneously highlighting the centrality of the talk show genre in Irish life Equally reviled and revered Byrne has been referred to as the great window opener and a media lay priest But his influence in single channel Ireland is undeniable Using letters to the editor media articles recent studies of Irish culture quotes from Byrne himself and a re-examination of the original broadcasts The Gaybo Revolution explores how Byrne and his talk shows on both radio and television provided a forum for popular debate and acted as catalysts for change in Irish life It analyses and discusses the impact on Irish society of such controversies as Church denunciations of the Late Late Show the Brian Trevisky affair the development of the Irish Women's Liberation Movement the Ann Lovett letters and the seminal interviews with Annie Murphy Pdraig Flynn and Terry Keane In the final section of the book the modern history of the Late Late Show the development of Irish TV and radio talk shows in the post Byrne era and the contrasting nature of TV talk shows in the UK and US are explored The Gaybo Revolution will appeal to all those who wish to understand the evolution of Irish society and culture in the late twentieth century and the substantial impact of Irish media on this change
