Out Of Huawei:

China-Focused Cases CEIBS Case Center,2019-03-01 This book is the first anthology compiled in English by the CEIBS Case Center to promote China focused cases worldwide Included are ten of twenty six award winning cases from the Global Contest for the Best China Focused Cases during 2015 to 2017 these works exemplify the quality of effective business cases and share stories of China to the world Each of the ten cases has a defining feature Some cases with a focus on user demand analyze how companies build their core competence e g Haidilao Hot Pot and OnePlus Mobile Phone while others present an array of business innovations in the era of new retail e commerce and the sharing economy e g SF Express Jinhuaobao ofo FamilyMart and Handu Apparel Some describe Chinese companies operations in the overseas market e g Huawei and TECNO and others depict how foreign companies adapt to the Chinese market in a unique way e g Starbucks These cases were drawn from Chinese and overseas business schools The book helps bridge the gap between the world management community s interest in China and the limited availability of China focused management cases We hope this collection of select cases will prove valuable and informative for our readers The China Paradox Paul G. Clifford,2021-12-06 In The China Paradox At the Front Line of Economic Transformation Harvard University based historian of modern China and business strategist Dr Paul G Clifford documents the twists and turns of China s dramatic and unforeseen rise over the last four decades He sheds light on the delicate and fragile balance of forces at the heart of the success of China s hybrid model explaining how the ruling Communist Party boldly led the nation s economic reforms as the surest way to preserve its grip on political power Five years after this book was first published much has changed within China and in its relationship with the world This second edition provides extensive fresh new material It explains how China has raised its game moving from a catch up mode to technological innovation in some areas while still languishing in technology dependence in other respects Earlier China had shown signs that its driving spirit was faltering with its sails flapping Under Xi Jinping renewed energy has been injected But at the same time Xi and his party have strongly reinforced their control across society and the economy posing the question of whether Xi s New Era in fact marks a retreat from the reforms This second edition contains two new chapters One profiles Huawei a national champion in advanced technology Another focuses on China s frictions with the world which have been fueled by a perception that its technology progress threatens US global dominance coupled with China s human rights record In addition against a background of the challenges faced by Alibaba and other firms there is analysis of this watershed in China s private sector s autonomy There is also extensive new insight into Xi Jinping s rule As it celebrates its 100th anniversary in 2021 the Chinese Communist Party displays strong optimism over its continued governance of China But that should not mask the longer term risks to China s development and stability if its hybrid model continues to unravel as reforms are abandoned in favor of heightened autocracy **Government Issued Opinion** Dennis F. Poindexter,2022-05-04 Intelligence services businesses and governments use a sinister methodology called an influence

campaign to sway the core values of their own countries and others around the globe This method is used by many different types of world governments including the U S and can pervade many different sectors of public life Even seemingly powerful politicians are impacted by influence campaigns While influence campaigns differ from political campaigns or corporate advertising they share similar characteristics Both influence behavior by manipulating beliefs to produce an outcome favorable to the campaign goal This book explains the mechanisms of influence campaigns and how they affect policy making often in surprising ways Chapters detail examples of influence campaigns waged by various governments throughout the years and suggest how the public consciousness should deal with these strategies As targets of these campaigns citizens must understand how our leaders use them for their own benefit

Four Internets Kieron O'Hara, Wendy Hall, 2021 Four Internets offers a revelatory new approach for conceptualizing the Internet and understanding the sometimes rival values that drive its governance and stability It unravels how tensions between the models play out across politics economics and technology ultimately debating whether these models can continue to co exist or what might happen if any fall away

Expendables Jeff Rubin,2022-02-01 From the 1 bestselling author of Why Your World Is About to Get A Whole Lot Smaller a provocative far reaching account of how the middle class got stuck with the bill for globalization and how the blowback from Brexit to Trump to populist Europe will change the developed world Real wages in North America have not risen since the 1970s Union membership has collapsed Full time employment is beginning to look like a quaint idea from the distant past If it seems that the middle class is in retreat around the developed world it is Former CIBC World Markets Chief Economist Jeff Rubin argues that all this was foreseeable back when Canada the United States and Mexico first started talking free trade Labour argued then that manufacturing jobs would move to Mexico Free trade advocates disagreed Today Canadian and American factories sit idle More steel is used to make bottlecaps than cars Meanwhile Mexico has become one of the world s biggest automotive exporters And it s not just NAFTA Cheap oil low interest rates global deregulation and tax policies that benefit the rich all have the same effect the erosion of the middle class Growing global inequality is a problem of our own making Rubin argues And solving it won t be easy if we draw on the same ideas about capital and labour right and left that led us to this cliff Articulating a vision that dovetails with the ideas of both Naomi Klein and Donald Trump The Expendables is an exhilaratingly fresh perspective that is at once humane and irascible fearless and rigorous and most importantly timely GDP is growing the stock market is up and unemployment is down but the surprise of the book is that even the good news is good for only one percent of us *Commerce, Justice, Science, and Related Agencies Appropriations for 2013* United States. Congress. House. Committee on Appropriations. Subcommittee on Commerce, Justice, Science, and Related Agencies,2012

The Fragility of Responsibility Giovanni De Grandis,Anne Blanchard,2024-12-02 Attempts to steer research innovation and business in desirable directions have failed to meet expectations Corporate social responsibility CSR and responsible research and innovation RRI seem to be losing ground while the challenges they sought to address remain Despite their shortcomings these concepts remind us of the need to take responsibility for what we as researchers and entrepreneurs

bring into the world and to keep questioning the given framework Drawing from the experience of the AFINO project a unique attempt to bring together RRI and CSR and to promote networks learning and skills building in Norway this book contextualises and explores the practical challenges of actualising responsible practices even in the propitious Norwegian context Readers interested in RRI CSR transdisciplinarity and in the governance of research and innovation will find extensive information and insights about the challenges of steering research and business practices towards desirable ends and how to address them
