Outposter The Defender:

Afghanistan's Violent Decades Stanley B. Sprague, 2024-10-24 This book examines the key political and military events in Afghanistan from 1978 to August 2021. It covers the Afghan Soviet war and how that war was followed by an Afghan Civil War that made the country receptive to the rise of the Afghan Taliban. It explains how the Taliban secured control of Afghanistan's government and permitted Osama bin Laden to reside in the country while he secretly planned an attack on the American mainland. It also covers why Osama bin Laden's al Qaeda terrorists on September 11, 2001, flew hijacked airliners into New York City's World Trade Center and the Pentagon. It describes how American and NATO forces responded by invading Afghanistan to destroy al Qaeda and to overthrow the Taliban government. The 20-year Afghan NATO war which followed would lead to American troops suffering 2,488 dead and 20,722 wounded. This book is one of the first to cover this long war written after the war ended in August 2021, giving it a new perspective. It offers an even-handed coverage of the war based on Taliban, American, and British sources.

Outpost War: U.S. Marines From The Nevada Battles To The Armistice [Illustrated Edition] Captain Bernard C. Nalty, 2015-11-06 Includes more than 40 maps, plans, and illustrations. This volume in the official History of the Marine Corps chronicles the part that United States Marines played in the hard fighting along the outpost line from 1953 through to the end of the war. The term Battles of the Outposts encompasses the fighting that took place in the final two years of the Korean War. In the first year of the war, sweeping movement up and down the peninsula characterized the fighting. Combat raged from the 38th Parallel south to the Pusan Perimeter, then with the landing at Inchon and the Perimeter breakout up to the Yalu, and finally a retreat south again in the face of the massive Chinese intervention.
