Poetics Of The Limit Ethics And Politics In Modern And Contemporary American Poetry:

The Poetics of the Limit Tim Woods, 2016-09-27 This book situates Louis Zukofsky's poetics and the lineage of Objectivist poetics more broadly within a set of ethical concerns in American poetic modernism. The book makes a strong case for perceiving Zukofsky as a missing key figure within this ethical matrix of modernism. Viewing Zukofsky's poetry through the lens of the theoretical work of Theodor Adorno and Emmanuel Levinas, Woods argues for an ethical genealogy of American poetics leading from Zukofsky through the contemporary school of LANGUAGE poetry. Woods brings together modernism and postmodernism ethics and aesthetics in interesting and innovative ways which shed new light on our understanding of this neglected strain of modernist poetics. *Ethics and Politics in Modern American Poetry* John Wrighton, 2012-06-25 From the Objectivists to the poetry of this thoughtful and innovative book explores the dynamic relationship between the ethical imperative and poetic practice, revitalizing the study of the most prominent post-war American poets in a fresh provocative way. Contributing to the turn to ethics in literary studies, the book begins with Emmanuel Levinas's philosophy proposing that his reorientation of ontology and ethics demands a social responsibility. In poetic practice, this responsibility for the other, it is argued, is both responsive to the traumatized semiotics of our shared language and directed towards an emancipatory social activism. Individual chapters deal with Charles Olson's *The Maximus Poems*, including reproductions of previously unpublished archive material; Gary Snyder's environmental poetry; Allen Ginsberg's Beat poetics; Jerome Rothenberg's ethnopoetics; and Bruce Andrews's Language poetry. Following the book's chronological and contextual approach, their work is situated within a constellation of poetic schools and movements and in relation to the shifting socio-political conditions of post-war America. In its redefinition and extension of the key notion of poethics and as a guide to the development of experimental work in modern American poetry, this book will interest and appeal to a wide audience.

Frank O'Hara and the Poetics of Saying 'I' Micah Mattix, 2011-03-03 While recent works of criticism on Frank O'Hara have focused on the technical similarities between his poetry and painting or between his use of language and poststructuralism, *Frank O'Hara and the Poetics of Saying 'I'* argues that what is most significant in O'Hara's work is not so much his borrowing from painters or his proto-Derridean use of language but his preoccupation with self-exploration and the temporal effects of his work as artifacts. Following Pasternak's understanding of artistic inspiration as an act of love for the material world, O'Hara explores moments of experience in an effort to both complicate and enrich our experience of the material world. On the one hand, in poems such as *Second Avenue*, for example, O'Hara works to muddy language through which experience is in part mediated with the use of parataxis, allusions, and absurd metaphors and similes. On the other, in his *I do this I do that* poems, he names the events of his lunch hour in an effort, among other things, to experience time as a moment of fullness rather than as a moment of loss. The book argues furthermore that O'Hara's view of the self as both an expression of the creative force at work in the world and as the temporal aggregate of finite experiences places him between

so called Romantic and postmodern theories of the lyric While it is often argued that O Hara is a forerunner of a new critically informed materialist poetics this study concludes that O Hara s work is somewhat less radical in its understanding of poetic meaning than is often claimed Moreover while O Hara is preoccupied with his experience in his poems the book argues that he espouses in some respects a rather traditional view of love In addition to being a metaphor for the creative act love for O Hara is the chance coming together of two entities Yet one of the ironies of this is that while love is for O Hara a feeling that is the result of movement or the unexpected coming together of two otherwise separ

Democratic Anarchy Matthew Scully,2024-07-02 A dramatic and necessary rethinking of the meaning of Democracy Democratic Anarchy grapples with an uncomfortable but obvious truth inimical to democracy both aesthetics and politics depend on the structuring antagonism of inclusion and exclusion Yet in Democratic Anarchy Matthew Scully asks how can the people be represented in a way that acknowledges what remains unrepresentable What would it mean to face up to the constitutive exclusions that haunt U S democracy and its anxious fantasies of equality Synthesizing a broad range of theoretical traditions and interlocutors including Lacan Ranci re Edelman and Hartman Democratic Anarchy polemically declares that there has never been nor can there ever be a realized democracy in the U S because democracy always depends on the hierarchical institution of a formal order by one part of the population over another Engaging with an expansive corpus of American literature and art Harriet Jacobs Nathaniel Hawthorne Louis Zukofsky Thomas Pynchon Toni Morrison Theresa Hak Kyung Cha Nari Ward Ocean Vuong and Safiya Sinclair Democratic Anarchy argues that many liberal concepts and institutions are in fact structurally opposed to democratic equality because they depend on regulating what can appear and in what form By focusing on works that disrupt this regulatory impulse Scully shows how rhetorical strategies of interruption excess and disorder figure the anarchic equality that inegalitarian fantasies of democracy disavow Democratic Anarchy develops a rigorous theory of equality that refuses to repeat the inequalities against which it positions itself and it does so by turning to moments of resistance both aesthetic and political inaugurated by the equality that inheres in and antagonizes the order of things
