MEMOIRS OF A FOOL: David Renner,2007-10-03 MEMOIRS OF A FOOL Volume One is highly unique It highlights the failures of the memoirist David Renner rather than his successes And as such it strikes a chord of familiarity in all of us From the President of the United States on down the life of each of us is dominated by failures many of which begin as successes

For every triumph in life there is a corresponding defeat something we might note before we rush in fools to our next grand venture Renner doesn't rush into anything He chronicles the inevitable setbacks in his life with a steady stoic humor To him existence was summed up by the Firesign Theatre in 1971 when they released their signature album *I Think We're All Bozos on This Bus* With this thought as his anchor Renner neither soars with his successes nor collapses with his failures He simply glides or stumbles through his paces as the lead actor in a comedy There are serious moments in Renner's story which he traces back to Transylvania in Hungary the birthplace of his parents There is a dark family secret that he doesn't learn until at seventeen he's ready to go out into the world There is his service in Air Force Intelligence inside Communist territory at the height of the Cold War There is the surreal sight of Detroit where he is living in 1967 on fire during the riots there There are the strange days in the streets during the Democratic Convention in Chicago in 1968 And there is the decade-long drug addiction and the pain of lost love But in this working class saga the light moments outweigh the heavy ones and ultimately Renner's self-deprecating sense of humor brings him success in one important respect as a human being

Blackwood's Edinburgh Magazine, 1904 **The Champagne Standard** Mrs. John Lane, 1905
Fun, 1862 **Curley's crystal; or, A light heart lives long** Emma Marshall, 1890 **American Indian Nations** George Horse Capture, Duane Champagne, Chandler C. Jackson, 2007-08-13

American Indian Nations takes stock of Indian history, policy, and culture over the past 30 years. A distinctive contribution to the understanding and interpretation of current Indian affairs, policies, and community development, this dynamic commentary of contemporary issues brings together a Who's Who of tribal leaders, scholars, and activists. No other collection offers such a thought-provoking and utterly current series of essays on the problems and achievements of modern Native peoples.

The Making Of Religion Andrew Lang, 2012. This book is annotated with a rare, extensive biographical sketch of the author, Andrew Lang, written by Sir Edmund Gosse, C.B., a contemporary poet and writer. A review of Mr. Lang's work would come late were it not that the book has been the subject of discussion for many years. The author considers the modern science of the History of Religion to teach that Man derived the conception of Spirit from reflection on phenomena of sleep, dreams, death, shadow, and experiences of trance and hallucination. Ghosts thus obtained became the first objects of belief and worship and were gradually magnified into gods, of which in the end one became supreme; on the other hand, from belief in the survival of the soul grew the notion of immortality. This system he proposes to study from fresh points of view. In the first place, he treats what he calls the X-phenomena among savages: clairvoyance, crystalomancy, second sight, demoniacal possession, and so on, giving examples to show the prevalence of similar experiences. He considers that their apparently supernatural character may have much to do with the theory of a separable soul and apparently inclines toward a belief in the verity at least of the occurrences. The statements concerning the savage phenomena are not especially full; the account not undertaking to exhibit a complete view of the department. The second part of the treatise undertakes to supply a substitute for the nihilistic doctrine; this is that the idea of God, as to use the writer's words, a primal, eternal being, author of all things, the father and friend of man, the invisible, omniscient guardian of morality, belongs to the lowest savages, who reverence this supreme deity without idol worship or sacrifice, as immutable, impeccable, all-seeing, benevolent, and lovable. To establish a doctrine so widely different from received opinion, one would expect to find an elaborate examination of savage morality in its higher aspect, but the scope of inquiry is limited, the most important part of the examination being concerned with Australians as examples of the lowest intelligence and with their mysteries.

The Routledge Pantomime Reader Jennifer Schacker, Daniel O'Quinn, 2021-08-30. The Routledge Pantomime Reader is the first anthology to document this entertainment genre, one of the most distinctive and ubiquitous in nineteenth-century Britain.

Across ten different shows readers witness pantomime's development from a highly improvisational venue for clowning dance and musical parody to a complex amalgamation of physical and topical comedy stage wizardry scenic spectacle satire and magical mayhem Combining well known tales such as Cinderella Aladdin and Jack and the Beanstalk with the lesser known plotlines of Peter Wilkins and The Prince of Happy Land the book demonstrates not only how popular narratives were adapted to the current moment but also how this blend of high and low entertainment addressed a whole range of social and cultural anxieties Along with carefully annotated scripts readers will find detailed introductions to all of the collected pantomimes and supplementary materials such as reviews reminiscences and a host of visual materials that bring these neglected entertainments to life The plays collected here provide a remarkable perspective on the history of sexuality class and race during a period of vast imperial expansion and important social upheaval in Britain itself essential reading for students and scholars of theatre history and popular performance
