Man Nature In God:

Man and Nature in God Lloyd E. Sandelands, 2017-12-02 Contemporary American life is tinged with dissatisfaction. Increased wealth and comfort and technological advances have not made individuals happier or society more companionable. Today Americans marry later or not at all and they fail at marriage as often as they succeed. *Man and Nature in God* is a story of contemporary American decadence, a grim tale of our flagging relation to nature, a tale confirmed at the center of our sexual lives. Sandelands grounds his critique in a modern philosophical error: We have conflated a particular metaphysical outlook, the subjective standpoint of science, with our relationship as humans to nature. We fail to see that however much we may learn about nature by treating it as object to our subject, we cannot in this way learn what we most want and most need to know about nature and about ourselves. Answers to such questions as "How are we related to nature?" and "How are we to think and act truly in nature?" continue to elude us. Cast as ideology by the isms of humanism, naturalism, and postmodernism, today's subjective standpoint has turned the question of truth into one question of politics. The unhappy result has been and continues to be a profound and deadly misunderstanding of nature as well as man epitomized in contemporary American culture today. Taking this as his starting point, Sandelands suggests how we can save ourselves from our mortifying philosophical error, thereby claiming our true relation to nature and reinvigorating our sexual lives. He identifies the need for a natural philosophy that takes God to be the starting point of self-understanding. Although the book is about philosophy, it is not only for the academic philosopher. Although it is about theology, it is not only for the theologian or student of religion. And although the book takes modern biological and social sciences to task, it is not only for biological and social scientists. Instead, *Man and Nature in God* is for everyone concerned about the disma

An Essay on God and the Angels, Man, Nature, and the Devil J. W. Bright, 1852 *Nature's God and the Nature of Man* Joel R. Baseley, 2024-12-26 *Nature's God and the Nature of Man* presents nature and the nature of man as God's Word. The Holy Bible reveals it in Genesis 1-3. The author's recent translating project in Johann Arndt's *True Christianity*, especially his Book 4 treating God's revelation in nature, provided him a helpful pre-enlightenment world view of God's revealing Himself in nature in stark contrast and opposition to the bold modern assertion by many that science has proven there is no God. The children of this divorce of Dame Science from God leaves children confused for whom this book might be a mediation and some comfort. 445 pages, soft cover.

Nature, Man and God in Medieval Islam Edwin Calverley, James Pollock, 2022-08-22 A contemporary to Thomas Aquinas in Latin Catholic Italy and with a parallel motivation to stabilize each his own civilization in its flux and storm, Abd Allah Baydawi of Ilkhan Persia wrote a compact and memorable Arabic Summation of Islamic Natural and Traditional Theology. With the same strokes of his pen, he presented the Islamic version of the Science of Theological Statement, bafflingly called *Kalam*, while familiarly embracing Theology. Baydawi's *Tawali al Anwar min Matal al Anzar*, *Rays of Dawnlight Outstreaming from Far Horizons of Logical Reasoning* with Mahmud Isfahani's commentary, is a formidably clear logical and mental vision.
