directly from Vietnam specially commissioned diagrams and combat accounts from veterans István Toperczer reveals how the MiG 21 defended Vietnam between 1966 and 1968 One of the most successful communist jet fighters ever built the MiG 21 Fishbed was involved in a series of deadly duels with American fighters over North Vietnam as the USAF and US Navy ramped up strike missions during Operation Rolling Thunder culminating in the destruction of over 70 US aircraft for the loss of 35 Fishbeds Having honed their skills on the subsonic MiG 17 pilots of the Vietnam People's Air Force received their first examples of the legendary MiG 21 supersonic fighter in 1966 Soon thrown into combat over North Vietnam the guided missile equipped MiG 21 proved a deadly opponent for the American crews striking at targets deep into communist territory Although the communist pilots initially struggled to come to terms with the fighter's air search radar and weapons systems the ceaseless cycle of combat operations quickly honed their skills The best fighter then available to the VPAF more than 200 MiG 21s of various sub types were supplied to the North Vietnamese In this study leading VPAF authority István Toperczer analyzes the tactics used by the MiG 21 pilots over the bitter fighting in North Vietnam during Rolling Thunder The highspeed hit and run attacks employed by the communist pilots proved to be very successful with both R 3S air to air missiles and heavy caliber cannon inflicting a rising toll on American jets Using first hand accounts from MiG 21 pilots battlescene artwork combat ribbon diagrams and armament views the author details the important role played by the Fishbed in the defense of North Vietnam Flug-Revue, 2005 Soviet Naval Activities in Cuba: Communist influence in the Western Hemisphere United States. pilots themselves Come with me and hear of the beauty of flight the mortal danger of electrical power failure at night in a snowstorm and the thrill of attack with 20mm cannons firing right under your feet **Beyond the Wild Blue** Walter J. Momyer,1978 **Encyclopedia of US Air Force Aircraft and Missile Systems** Marcelle Size Knaack,1978 *Annual Department of Defense Bibliography of Logistics Studies and Related Documents* United States. Defense Logistics Studies Information Exchange,1977 Ken's Shorts Ken Nash,2020-11-15 The book Ken s Shorts is both entertaining and edifying as it is a series of short stories and documentaries and perhaps a tad irreverent judging by its title and cover design that seems to strike a perfect balance between funny and entertaining with educational Reconstructing a Shattered Egyptian Army Youssef Aboul-Enein,2014-06-15 Central to CDR Youssef Aboul Enein s career has been the mission to introduce America s military leaders to Arabic works of military significance Just like American military leaders who had an obsession for all things Russian during the Cold War in order to understand the Soviets the war on al Qaida and the complex nuances of the Arab Spring demand a deeper comprehension of the Middle East from direct sources The memoirs of General Mohamed Fawzi Egyptian War Minister from 1967 to 1971 were first published in 1984 but his work has not been translated and remains undiscovered by English speaking readers Many in the United States Armed Services have yet to be introduced to his ideas perspectives and the seeds by which the 1973 Yom Kippur War were laid In this new contribution to his series of essays written for Infantry Journal Aboul Enein has determined to bring to life the military thoughts of this Arab War Minister This book is a joint Infantry Naval Institute Press project that has condensed the entire collection of essays on Fawzi to a single volume to provide future generations of America s military leaders with access his ideas Fawzi is unique among Arab generals for his scathing critique of his own armed forces and from his critical examination of what went wrong in 1967 he was able to slowly resurrect the Egyptian Armed Forces to a level that enabled Sadat to consider an offensive in 1973 This Egyptian general will provide insights into the level of Soviet cooperation and military aid provided Egypt after the 1967 Six Day War known simply in Arabic by one word al Naksah the

setback not to be confused with the 1948 Arab Israeli War known by one word al Nakbah the catastrophe While Fawzi lapses into conspiracy indulges in wishful thinking and employs the language of pan Arabism on occasion much like Soviet military theorists couched their ideas in Marxist Leninist rhetoric this will not stop serious American students of war from recognizing his brilliance about the lessons learned from the crushing defeat of Egyptian arms in the 1967 Six Day War
