Poemas revelados Eduardo Longoni, Mario Benedetti, 2004

Contemporary Uruguayan Poetry Ronald

Haladyna, 2010 The editor of this anthology addresses this literary omission by identifying seventeen Uruguayans deserving of recognition Jorge Arbeleche Nancy Bacelo Washington Benavides Mario Benedetti Amanda Berenguer Luis Bravo Selva Casal Rafael Courtoisie Marosa Di Giorgio Enrique Fierro Alfredo Fressia Saul Ibargoyen Circe Maia Jorge Meretta Eduardo Milan Alvaro Miranda and Salvador Puig The selection of these poets is based on extensive research and personal taste but also because they have a recognized sustained record of published books of poetry especially during the 1990s they have been favorably acknowledged for their work by peers and critics through reviews and interviews in local news media they have received recognition through national or international literary awards and for the most part they are still active as poets in the new millennium Furthermore they comprise a representative cross section of diverse generations perspectives themes and poetics extant in today's poetry in Uruguay Each of the poets is represented by a selection of original poems in Spanish to demonstrate the diversity of their expression and English translations to render them meaningful for both English and Spanish reading publics The extensive bibliographies of primary and secondary sources of each poet is unprecedented hopefully it will serve as a guide to encourage research on this neglected area of Spanish American literature There is currently no canon of contemporary Uruguayan poets but this project is intended to provide a meaningful step toward opening a discussion of such a canon
