Genesis in Late Antique Poetry Andrew Faulkner, Cillian O'Hogan, Jeffrey T. Wickes, 2022-05-13 The biblical book of Genesis stands nearly without parallel in the shared history of Judaism Christianity and Islam Because of its abiding importance to late antique theology and practical life across religious boundaries it gave rise to a wide range of literary responses The essays in this book study an array of Jewish and Christian responses to Genesis as they took shape in specific literary forms the unique genres of late antique poetry While late antique and early medieval Jews and Christians did not always agree in their interpretations of Genesis they participated broadly in a shared culture of poetic production Some of these poetic genres paralleled one another simply as distinct examples of metered speech while others emerged in conversation and through mutual influence Though late antique poems developed in a variety of languages and across religious boundaries scholarly study of late antique poetry has tended to isolate the phenomenon according to language As a corrective to this linguistic isolation this book initiates a comparative conversation around the Jewish and Christian poetry that emerged in late antique Aramaic Greek Hebrew Latin and Syriac Tending equally to exegetical content and literary form the essays in this book sit at the intersection of a variety of scholarly conversations around the history of biblical exegesis the formation of late antique and early medieval literature and literary culture and the comparative study of Judaism and Christianity

The Hebrew Bible in Contemporary Fiction and Poetry Lena-Sofia Tiemeyer, 2025-03-31 This book discusses 20th and 21st centuries literary retellings of biblical texts focusing on how fiction and poetry fill the extant narrative gaps present in the often sparse biblical accounts and align the narratives with theological and or cultural expectations of modern interpreting communities The chapters written by an international group of scholars explore biblical retellings in a variety of modern languages ranging from Korean and Chinese to Hebrew and Arabic Most of the contributions deal with retellings of the narrative books Genesis Exodus Judges Ruth 1 2 Samuel Daniel but a few are devoted to prophetic Hosea and poetic Psalms ones Another set of articles looks beyond specific biblical books and instead analyses how the Bible has been retold in different literary genres Children and YA literature sci fi and fantasy Christian Inspiration fiction and in

modern political discourse North and South Korea All the chapters further highlight how literary retellings of the Bible form two way movements They reveal the often subversive quality of literary retellings retellings not only emphasise those nuances in the biblical texts that create unease but also problematise their standpoint and question their moral and theological message The Hebrew Bible in Contemporary Fiction and Poetry is suitable for students and scholars of biblical studies working on intertextuality and reception history It is also of interest to those working on comparative literature particularly with regards to the Hebrew Bible in popular culture and literature *Dictionary of the Old Testament: Wisdom, Poetry & Writings* Tremper Longman III, Peter Enns, 2010-05-11 Tremper Longman III and Peter E Enns edit this collection of 148 articles by over 90 contributors on Job Psalms Proverbs Ecclesiastes Song of Songs Lamentations Ruth and Esther
