The Russians and Ruthenians in America Jerome Davis, 1922 *Chinese Migrants in Russia, Central Asia and Eastern Europe* Felix B. Chang, Sunnie T. Rucker-Chang, 2013-03-01

Much of the former Soviet bloc has become a destination for new Chinese migrants Throughout Russia Eastern Europe and Central Asia Chinese migrants are engaged in entrepreneurial activities primarily as petty merchants of consumer goods in unsteady economies This book situates these migrants within the broader context of Chinese globalization and China's economic rise It traces the origins of Chinese migration into the region as well as the conditions that have allowed migrants to thrive Furthermore it discusses the perception that Chinese globalization is purely economic and explores the relationship among petty merchants labourers and institutional investors Finally by examining the movement of China's minorities into Central Asia this book challenges the ethnic construct of new Chinese migration

Russia's Battle with Crime, Corruption and Terrorism Robert Orttung, Anthony Latta, 2013-01-11 This book examines Russia's attempts to tackle the challenges of the new and increasing security threats of rising crime corruption and terrorism that it has experienced since the break up of the Soviet Union in 1991 It demonstrates the close links between the rising drug trade border problems migration issues organised crime corruption and terrorism Uncovering information not seen before by Western audiences this book shows how Russia's porous borders have facilitated the operation of

transnational crime groups explores the specific features that make particular regions such as Siberia important for the drug trade and other forms of smuggling analysing the character of the different criminal groups and networks and investigating the informal links and collusion between these organizations and police officials considers the operation of corrupt practices in the military sector one of the most closed parts of the economy analyzes the ways in which Russia is fighting crime corruption and terrorism and the implications for civil liberties argues that the extensive flows of illegal immigrants into Russia are creating ever more fertile grounds for corruption crime and terrorism while the immigrants themselves are often the victims of this crime

The Russians William Henry Parker,1973 Migrant Resettlement in the Russian Federation Moya Flynn,2004-08-26 A book about restructuring homes and homelands in the context of the post Soviet era The Russian Mind Since Stalin's Death Yuri Glazov,2012-12-06 I have been working on this book since leaving Russia in April of 1972 It was my wish to write this book in English and there were what seemed to me to be serious reasons for doing so In recent years there has appeared a wealth of literature in Russian about Russia As a rule this literature has been published outside the USSR by authors who still live in the Soviet Union or who have only recently left it A fair amount of important literature is being translated into English but I believe it will be read main ly by specialists in Russian studies or by those who have a great interest in the subject already The majority of Russian authors write of course for the Russian reader or for an imagined Western public It is my feeling that Russian authors have serious difficulties in understanding the men tality of Westerners and that there still exists a gap between the visions of Russians and non Russians I have made my humble attempt to bridge his gap and I will be happy if I am even partly successful The Russian world is indeed fascinating Many people who visit Russia for a few days or weeks find it a country full of historical charm fantastic architecture and infinite

mystery For many inside the country especial ly for those in conflict with the Soviet authorities
