Sacraments As Gods Self Giving:

Sacraments as God's Self Giving James F. White, 1983 A comprehensive look at the sacraments in today's mainline Protestant churches Shows how the church can utilize the power of physical symbolism embodied in both the outward and visible and the inward and spiritual to enrich worship *Sacraments & Sacramentality* Bernard J. Cooke, 1994 Identifies sacramentality as the essence of life how life's meaning reveals and makes present the saving love of God For the author the totality of Jesus mission is the root of each Christian's ability and calling to transform and sanctify the human experience of living **Sacraments and Worship** Maxwell E. Johnson, 2012-01-01 The church's development and use of sacraments has evolved in many ways from the days of the early church to the present This sourcebook provides key theological texts that played a role in those movements Johnson traces the history and theology of individual sacraments along with their liturgical context in the church's worship He includes materials previously developed in James F White's classic collection Documents of Christian Worship Descriptive and Interpretive Sources Westminster John Knox Press 1992 and supplements these to provide a wide range of indispensable materials He also contributes helpful background notes to give the reader the full breadth and depth of the church's thought on these important topics This book will be of great value to those studying the history of Christian worship and the development of the sacraments **Introduction to Christian Worship** James F. White, 2023-11-21 James White's classic Christian worship text revised and updated The book students of worship have read and re read is now revised and updated for the first time in more than twenty years Author Ed Phillips one of White's graduate students is joined by practitioners and teachers from emerging generations who contribute timely and well researched material from their own areas of expertise This new content brings the original up to date filling significant gaps since the original publication on topics like technology arts embodiment in and of worship pluralism and multiculturalism denominational changes and changes in the spaces and forms of worship including worship in the age of pandemics This new edition will take its place on the shelf of every student pastor and leader of Christian worship Unleashing the Work of God W. Joseph Stallings, 2019-11-07 Are we Methodists ready for the work of God to be unleashed Are we ready for Methodism to be the catalyst of yet another New Pentecost God has decisively acted in Christ and Christ says Do this Therefore there is only one real answer since not ready is not a valid response For United Methodism to be revived there can be no more such excuses Christ showed us his presence and power through Constant Word and Sacrament praxis during the time of the Acts 2 church Christ then again showed us his same divine presence and power through Constant Word and Sacrament praxis during the Methodist Evangelical Revival We have now been given two millennia to view this work of God We Methodists were born of this work of God How much more being made ready to unleash it do we require **Teaching as a Sacramental Act** Mary Elizabeth Moore, 2004-11-01 Moore asserts that Christian vocation and the teaching vocation in particular can be best understood as sacramental mediating the grace of God through ordinary creation for the sanctification

of human life and the well being of all creation She develops her argument through three important factors a historical theological analysis of the Christian sacraments and sacramentality a phenomenological study of teaching events and a description of six sacramental movements and corresponding teaching practices informed by Jewish Christian traditions and Eucharistic practices The nine detailed chapters include Searching for the Sacred Sacred Teaching Education as Sacrament Expecting the Unexpected Remembering the Dismembered Seeking Reversals Giving Thanks Nourishing Life Reconstructing Community and Repairing the World and Mapping the Future of Sacramental Teaching Teaching as a Sacramental Act is ideal for students pastors Christian educators spiritual directors and pastoral caregivers who want to rethink and reshape the teaching ministry of the church

The Faith of the Christian Church Tyron Inbody, 2005-04-14 Tyron Inbody has taught the basics of Christian theology for more than twenty five years Having seen over the years what issues and questions his students bring to class he now offers this engaging accessible introduction to all the major beliefs of the Christian faith Meant especially but not exclusively for readers new to theology Inbody's Faith of the Christian Church covers twelve traditional areas of Christian teaching theology revelation faith God creation suffering and evil humankind Jesus Christ salvation church sacraments and the end times Inbody also dives into provocative topics not usually treated in introductory texts creationism the devil miracles the virgin birth and more The book's broad ranging perspective which intentionally defies labels commends it to individuals and small groups from many church traditions Quote boxes and illustrations drawn from popular culture make the text visually interesting and enjoyable to read Inbody does not hide his own stance on issues but presents a full range of interpretations and openly points readers to other possibilities they can pursue The Faith of the Christian Church offers just enough questions to provoke reflection and just enough answers to encourage readers to form their own grasp on the Christian faith

Not My Own Terry Schlossberg, Elizabeth Achtemeier, 1995 This timely tough minded work examines the implications of the church's distinctive characteristics in relation to the most heated moral crisis of our age Writing from an ecumenical perspective the authors explore the traditional marks of the church the Word and the sacraments and ask what difference the church can and should make in the lives of human beings affected by abortion No other book has approached the issue of abortion from this perspective no other book offers such sound practical help

The Wings of Worship Kenneth R. Burcham, 1992 Kenneth Burcham gives abundant information about the background of worship forms He helps readers approach the parts of a worship service with a good sense of interpretation and meaning I recommend its use with classes of lay people who are interested in growth in their spirit Harriet Miller Administrator First United Methodist Church Dayton Ohio The Wings of Worship is an excellent introductory study course for congregations to gain a greater understanding of the people's role in public worship Ten sessions are offered in the course with each focusing on a different element of worship Discussion questions conclude each session Topics include Traditional worship Liturgical year Tools of worship Sacraments Rituals and celebrations Creeds and prayers The book includes evaluation forms a

questionnaire on worship and a bibliography section Kenneth R Burcham is pastor of the United Methodist Church West College Corner Indiana He is a graduate of Ball State University Asbury Theological Seminary and United Theological Seminary This is his first book published by CSS **Evangelicals, Worship and Participation** Alan Rathe, 2016-04-22 In discussions of worship the term participation covers a lot of ground It refers not only to concrete acts in gathered liturgy but also to some of the loftiest claims of Christian theology In this book Alan Rathe probes the ways in which North American evangelicals have in recent years regarded the landscape of participation Rathe presents a broad review of evangelical worship literature through a lens borrowed from medieval theology This brings into surprising focus not only evangelical understandings but also evangelical identities and the historical traditions they reflect and offers fresh perspectives on such current theological concerns as God's triunity missio Dei and the practical theology of participation Offering a fresh contribution to a young but important discipline the liturgically informed study of evangelical worship practice this book reconnects the evangelical tradition to the Great Tradition and in the process re appropriates classic concepts that are full of promise for contemporary ecumenical dialogue
