Writing Effective Course Assignments Elia Shabani Mligo, 2017-05-11 Non degree and undergraduate students are both inexperienced essay writers who need close guidance to become effective writers One of the puzzles which they encounter at the college and university after reporting for studies is the course assignments offered to them by their lecturers which demand them to be critical thinkers and argumentative essay writers In most colleges and universities lecturers provide to students broad questions to answer in the form of essays either in group or individual assignments How should they turn the broad assignment questions provided to them by their lecturers into specific researchable topics for essays How should they handle literature in order to obtain valuable information to answer the provided question How should they construct an informed and convincing argument using the collected information as evidence This book concerns these and other related questions With its clear illustrations the book is designed to be a self study guide and to offer solutions to many struggling students in colleges and universities At the same time the book can be helpful for lecturers to instruct their students how to write effective course assignments in their respective courses *CounterStories from the Writing Center* Frankie Condon, Wonderful Faison, 2022-04-15 CounterStories from the Writing Center gathers emerging scholars of colour and their white accomplices to challenge some of the most cherished lore about the work of writing centres Writing within an intersectional feminist frame this volume s contributors name and critique the dominant role that white straight cis gendered

women have played in writing centre administration as well as in the field of writing centre studies This work will shake the field's core assumptions about itself Practicing what Derrick Bell has termed creative truth telling these writers are not concerned with individual white women in writing centres but with the social political and cultural capital that is the historical birthright of white straight cis gendered women particularly in writing centre studies The essays collected in this volume test defy and overflow the bounds of traditional academic discourse in the service of powerful testimony witness and counterstory CounterStories from the Writing Center is a must read for writing centre directors scholars and tutors who are committed to antiracist pedagogy and offers a robust intersectional analysis to those who seek to understand the relationship between the work of writing centres and the problem of racism Accessible and usable for both graduate and undergraduate students of writing centre theory and practice this work troubles the field's commonplaces and offers a rich envisioning of what writing centres materially committed to inclusion and equity might be and do Contributors Dianna Baldwin Nicole Caswell Mitzi Ceballos Romeo Garcia Neisha Anne Green Doug Kern T Haltiwanger Morrison Bernice Olivas Moira Ozias Trixie Smith Willow Trevino
