Hamilton Moore,1904 Fearmongering in Greek and Roman Literature and Beyond Priscilla Gontijo Leite,Ian Worthington,2025-08-25 This volume provides for the first time a focused study of scare tactics and fearmongering in a broad range of Greek and Roman authors and genres showing how alarmist tactics were used in both antiquity and today

Scare tactic rhetoric is a timely topic fear in current politics can justify actions and decisions and be used to control what is debated in the public arena with the truth often shaped and even removed from what was being said The ancient world was no different In this volume an international selection of scholars discusses how and why alarmist tactics were used in a variety of genres in Greco Roman literature including oratory historiography drama philosophy and children s stories to convey political messages and ideas They also draw parallels between ancient and contemporary fear Fearmongering in Greek and Roman Literature and Beyond is suitable for students and scholars in Classics and Ancient History Rhetoric and Rhetorical Theory Ancient Societies and Politics as well as those operating in adjacent fields of study along with the general reader interested in the ancient world psychology politics and the exploitation of rhetoric *At the Rumor of His Coming* Henry Hudson,2006-04 Jesus s miracles of healing were powerful attractions that caused great multitudes to assemble at the rumor of his coming Consequently in every town and village where Jesus was expected people gathered all of the sick and infirm in one place where Jesus would heal them Although Jesus was always willing to minister to the needs of the sick as a first priority miracles of healing have not been given the same degree of importance in the modern day church Jesus said that all that believed on him should do the works miracles of healing that he did But most churches in America do not have a specific ministry of healing I believe that the basic obstacles to healing in the church are related to theological and doctrinal errors which create doubts about Jesus s divinity thus generating lack of faith in miracles and unbelief This book is a critical analysis of Jesus s healing ministry and the essential place it holds in his gospel Contained in the narrative is an account of the author s experience as a Christian healer in the secular world and in his church and a guide to developing a healing ministry in your church *Taormina* Helen Lowe,1864 *The Journal of Plumbing, Heating, Air Conditioning Contractors* ,1915 **A Shower of Verses** Althea Randolph Bedle Rusch,1914
