Machado,Sarah Fee,Gwyn Campbell,2018-02-09 This collection examines cloth as a material and consumer object from early periods to the twenty first century across multiple oceanic sites from Zanzibar Muscat and Kampala to Ajanta Srivijaya and Osaka It moves beyond usual focuses on a single fibre such as cotton or place such as India to provide a fresh expansive perspective of the ocean as an interaction based arena with an internal dynamism and historical coherence forged by material exchange and human relationships Contributors map shifting social cultural and commercial circuits to chart the many histories of cloth across the region They also trace these histories up to the present with discussions of contemporary trade in Dubai Zanzibar and Eritrea Richly illustrated this collection brings together new and diverse strands in the long story of textiles in the Indian Ocean past and present *Turning Points in the Expansion of Christianity* Alice T. Ott,2021-11-16 This readable survey on the history of missions tells the story of pivotal turning points in the expansion of Christianity enabling readers to grasp the big picture of missional trends and critical developments Alice Ott examines twelve key points in the growth of Christianity across the globe from the Jerusalem Council to Lausanne 74 an approach that draws on her many years of classroom teaching Each chapter begins with a close up view of a particularly compelling and paradigmatic episode in Christian history before panning out for a broader historical outlook The book draws deeply on primary sources and covers some topics not addressed in similar volumes such as the role of British abolitionism on mission to Africa and the relationship between imperialism and mission It demonstrates that the expansion of Christianity was not just a Western driven phenomenon rather the gospel spread worldwide through the efforts of both Western and non Western missionaries and through the crucial ministry of indigenous lay Christians evangelists and preachers This fascinating account of worldwide Christianity is suitable not only for the classroom but also for churches workshops and other seminars
