**The North American Journal of Homeopathy**, 1918 Current Issues in Nursing Peta Allan, Moya Jolley, 2013-11-11 The editors' intention in the production of this book was to provide a realistic picture of the present state of nursing. This has been presented from a number of different but interlinked perspectives. The decades since the inception of the National Health Service have been ones of significant change both in society at large and in the field of health care. The period has witnessed political, economic, social, scientific and technological change taking place ever more rapidly whilst in terms of health care demand and expectations continue to increase apace. Nursing throughout the period has been influenced by and has responded to these prevailing influences and continues to do so. Contributors to this volume have sought to examine in depth some of the current issues in nursing at the present time. Each chapter examines a specific issue in the current nursing context and is therefore capable of standing alone. But considered together the chapters enable many aspects of the current debate on and development of nursing to be seen as a whole. It is hoped that this book will serve two fundamental purposes. First to stimulate debate and activity by all nurses in their particular sphere of influence and in the wider world of nursing. Second it aims to inform those undertaking pre or post registration nursing programmes and thus assist their understanding of the state of nursing

**This Is Really War** Emilie Le Beau Lucchesi, 2019-05-07 In January 1940 navy nurse Dorothy Still eagerly anticipated her new assignment at a military hospital in the Philippines. Her first year abroad was an adventure. She dated sailors and attended dances. But as 1941 progressed signs of imminent war grew more urgent. Military wives and children were shipped home to the States and the sailors increased their daily drills. Days after Pearl Harbor was attacked the Japanese military assaulted the Philippines. When Manila fell to Japan in early January 1942 Dorothy was held captive in a hospital and then transferred to a civilian prison camp. Under the direction of Chief Nurse Laura Cobb Dorothy and ten other navy nurses maintained rank and reported each day to a makeshift hospital. Cramped conditions, disease and poor nutrition meant the navy nurses and

their army counterparts were overwhelmed caring for the camp In May 1943 a civilian physician asked Cobb if the navy nurses would consider transferring to a new prison camp in the countryside The twelve nurses feared the unknown but they could not deny they were needed On the morning of their departure inmates used the public address system to play the navy fight song Anchors Aweigh The nurses were overwhelmed by the response They had indeed been the anchors of the camp who kept ill inmates from drifting In the new prison camp the twelve anchors turned a stripped infirmary into a functioning hospital Despite their own ailments they provided nonstop care for starving diseased and abused inmates Over the years their friendships deepened and several of the women including Dorothy even found love This Is Really War is an inspiring story about a young nurse who fought for life during a dark time      **The Nurse** ,1915      **The Survey** ,1926      **Public Health Nurse Quarterly** ,1917      **American Economist and Tariff League Bulletin** ,1894      **The Role of the Clinical Nurse Specialist in Cancer Care** Helen Kerr,2023-08-14 The Role of the Clinical Nurse Specialist in Cancer Care Gain a fresh and insightful perspective on the evolving role of the Clinical Nurse Specialist in the delivery of cancer services The Role of the Clinical Nurse Specialist in Cancer Care explores the dynamic and essential world of the Clinical Nurse Specialist CNS in cancer care covering both foundational and advanced topics and rooted in robust research and evidence based practice Trace the historical development of the CNS role while gaining invaluable patient and carer perspectives that provide essential guidance for professionals in this field Examine key aspects such as symptom management and non medical prescribing gaining a deeper understanding of the multifaceted responsibilities of Clinical Nurse Specialists Find vital subjects like leadership and multidisciplinary teamwork supplemented with practical tools to excel in your role Explore comprehensive coverage of specialised areas within clinical nursing including the unique challenges of caring for young adults with cancer navigating the complexities of COVID 19 and utilising digital tools for enhanced patient care Whether you are a registered nurse aspiring to become a clinical nurse specialist or an established CNS seeking professional growth The Role of the Clinical Nurse Specialist in Cancer Care provides invaluable insights and development opportunities This engaging resource is also an excellent companion for advanced practitioners specialising in cancer care ensuring they stay up to date with the latest advancements in this vital field      **The Eclectic Medical Journal** ,1918      [The Nurse's Homecoming](#) Fenella J Miller,2024-04-27 Don t miss book two in the compelling and emotional Nurse s War series by bestselling author Fenella J Miller Will she be reunited with those she loves With her first husband dead and the war still ferocious Victoria finds herself nursing injured soldiers on the Burma front There she meets charismatic American Captain Taylor King and impulsively marries a man she barely knows But when Victoria becomes pregnant with his child she must leave the only security she knows to start a new life as Henry s wife in Boston But Taylor is not the loving gentle husband Victoria hoped for and the arrival of an unexpected visitor changes their lives for ever Victoria is forced to make some difficult decisions and begin again in England She has lost so much in her life will her homecoming give her her greatest
