Lyautey In Morocco:

Lyautey in Morocco Alan Scham, 1970 **Lyautey of Morocco** Sonia Elizabeth Howe, 1931 **Lyautey in Morocco** Robert C. Harrison, 1959 Lyautey and the French Conquest of Morocco William A. Hoisington Jr., 1995-08-11 Lyautey and the French Conquest of Morocco describes and analyzes the method of colonial conquest and rule linked to the name of Marshal Louis Hubert Lyautey 1854 1934 France's first resident general in Morocco and the most famous of France's 20th century overseas soldier administrators Lyautey popularized the notions of peaceful penetration and indirect rule as part of a grand colonial design of military pacification economic development political modernization and social betterment For Lyautey imperialism could be a life giving force for both Frenchmen and Moroccans alike and during his thirteen years as resident general he boldly promoted France's actions in Morocco as the highest form of imperialism This book traces the development of Lyautey's ideas on conquest and rule at home and abroad and shows how they translated into practice While there was much that was praiseworthy in Lyautey's approach to colonial matters in the end force always remained more effective than anything else and whether used gently or severely it failed to stem Moroccan resistance to French rule Based on archival material in Morocco and France Lyautey and the French Conquest of Morocco is the first book to deal in a detailed manner with French pacification strategy in Morocco and with the mechanics of indirect rule always in reality rather more direct than indirect It should be of great value to readers of 19th and 20th century French European and North African history and to students of colonialism and imperialism *Morocco's Saharan Frontiers* Frank E. Trout, 1969 Lamentation and Modernity in Literature, Philosophy, and Culture R. Saunders, 2007-10-01 Saunders analyzes the ideological uses of loss in literary philosophical and social texts from the late 19th and 20th centuries through the lens of women's lament traditions and includes philosophical texts by Nietzsche Heidegger and Derrida and literary works by William Faulkner St phane Mallarmé Dimitris Hatzis and Tahar Ben Jelloun The Casablanca Connection William A Hoisington Jr., 2019-05-01 The Casablanca Connection examines France's colonial policy in Morocco from the Popular Front to the end of the Vichy regime in North Africa relating it to overall French imperial policy and placing it in a European and world context At the center of this study is General Charles Nogu's resident general of Morocco from 1936 to 1943 who during this period provided the protectorate with purpose authority direction and continuity Nogu's restored the precepts of colonial rule established in Morocco twenty four years earlier by Marshal Hubert Lyautey France's most illustrious soldier administrator Nogues's accomplishments made Morocco stronger for France than it had been in a decade This French peace however was disturbed by the Spanish Civil War and World War II and Nogu's's well intentioned but misguided decisions during this time ended his career amidst charges of collaboration and anti Allied sentiment Nevertheless William A Hoisington Jr argues Nogu's had interpreted Lyautey's lessons with talent and originality Originally published in 1984 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist

Colonial Architecture and Urbanism in Africa Fassil Demissie, 2016-12-05 Colonial architecture and urbanism carved its way through space ordering and classifying the built environment while projecting the authority of European powers across Africa in the name of science and progress The built urban fabric left by colonial powers attests to its lingering impacts in shaping the present and the future trajectory of postcolonial cities in Africa Colonial Architecture and Urbanism explores the intersection between architecture and urbanism as discursive cultural projects in Africa Like other colonial institutions such as the courts police prisons and schools that were crucial in establishing and maintaining political domination colonial architecture and urbanism played a pivotal role in shaping the spatial and social structures of African cities during the 19th and 20th centuries Indeed it is the cultural destination of colonial architecture and urbanism and the connection between them and colonialism that the volume seeks to critically address The contributions drawn from different interdisciplinary fields map the historical processes of colonial architecture and urbanism and bring into sharp focus the dynamic conditions in which colonial states officials architects planners medical doctors and missionaries mutually constructed a hierarchical and exclusionary built environment that served the wider colonial project in Africa
