## **Lyles Administration Of The College Library:**

*Lyle's Administration of the College Library* Caroline M. Coughlin, Alice Gertzog, 1997 Created in response to requests from library science faculty for a student edition with a focus on the planning and policy issues germane to all academic libraries this new text is a revised and abridged version of the fifth edition of Lyle's Administration of the College Library

Dictionary of American Library Biography Donald G. Davis, 2003-01-30 This second supplement to DALB the Dictionary of American Library Biography 1978 adds 77 notable deceased members of the library and archival communities to the 302 entries in the main volume and the 51 entries in the first supplement 1990 The second supplement includes primarily those figures who died between 1987 and the end of the year 2000 though some 13 entries provide sketches for notable persons whose death dates are somewhat earlier and who were not included in earlier works Among the entries are a number of African Americans and nearly one half of the entries are women Some 80 contributors from the United States and Canada provided sketches many based on original source material This supplement follows the practice and format of the earlier volumes though it allows presidents of the American Library Association to compete for inclusion with other nominations

*Leaders in American Academic Librarianship, 1925-1975* Wayne A. Wiegand, 1983      **The Academic Library in the United States** Mark L. McCallon, John Mark Tucker, 2022-10-10 This book advances the belief that the library more than any other cultural institution collects curates and distributes the results of human thought Essays broaden the debate about academic libraries beyond only professional circles promoting the library as a vital resource for the whole of higher education Topics range from library histories to explorations of changing media Essayists connect modern libraries to the remarkable dream of Alexandria's ancient library facilitating groundbreaking research in every imaginable field of human interest past present and future Academic librarians who are most familiar with historical traditions are best qualified to promote the library as an important aspect of teaching and learning as well as to develop resources that will enlighten future generations of readers The intellectual tools for compelling constructive conversation come from the narrative of the library in its many iterations from the largest research university to the smallest liberal arts or community college

**Communication Informatics and Librarianship in India** S. P. Agrawal, Pushpa Rani Sharma, 1992      **Resources in Education**, 1999      **Library Management in Electronic Environment** Krishan Kumar, 2007 Over the years many of the libraries have become large and complex organisations presenting a challenge to a librarian Managing a large library is a highly specialised and complicated job Due to changing environment especially technological one his job has become very challenging A librarian in such an environment should have a managerial ability of a high order and possess different kinds of skills including technical skills in the application of information technology with adequate knowledge to solve multidimensional problems Keeping in view the requirements of students of library and information science the book presents a framework of basic knowledge of management in electronic environment Emphasis has been laid on basic issues

and concepts of management Principles of management and theories of management have been explained Library routines have been described adequately keeping in view the application of information technology **Official Gazette**
