world By terming the anti poverty effort a war President Johnson imparted significant symbolism to the effort it called for total victory and gave confidence that the war was winnable It influenced the definition of the enemy as an intergenerational cycle of poverty rather than the shortcomings of the individual and it led to the choice of community action manpower programs and prudent management as weapons and tactics Each of these implications involves a choice of language and symbols a decision about how to characterize and discuss the world Zarefsky contends that each of these rhetorical choices was helpful to the Johnson administration in obtaining passage of the Economic Opportunity Act of 1964 but that each choice invited redefinition or reinterpretation of a symbol in a way that threatened the program **Focus On: 100 Most Popular**

**20th-century American Politicians** Wikipedia contributors, **The Most Dangerous Area in the World** Stephen G. Rabe, 2014-06-30 In March 1961 President John F Kennedy announced the formation of the Alliance for Progress a program dedicated to creating prosperous socially just democratic societies throughout Latin America Over the next few years the United States spent nearly 20 billion in pursuit of the Alliance's goals but Latin American economies barely grew Latin American societies remained inequitable and sixteen extraconstitutional changes of government rocked the region In this close critical analysis Stephen Rabe explains why Kennedy's grand plan for Latin America proved such a signal policy failure Drawing on recently declassified materials Rabe investigates the nature of Kennedy's intense anti Communist crusade and explores the convictions that drove him to fight the Cold War throughout the Caribbean and Latin America a region he repeatedly referred to as the most dangerous area in the world As Rabe acknowledges Kennedy remains popular in the United States and Latin America in part for the noble purposes behind the Alliance for Progress But an unwavering determination to wage Cold War led Kennedy to compromise even mutilate those grand goals **U.S. Presidents during Wartime** Sean N. **and Triumph in Orbit** Ben Evans, 2012-06-01 April 12 2011 is the 50th anniversary of Yuri Gagarin's pioneering journey into space. To commemorate this momentous achievement Springer Praxis is producing a mini series of books that reveals how humanity's knowledge of flying, working and living in space has grown in the last half century. *Tragedy and Triumph* focuses on the 1980s and early 1990s, a time when relations between the United States and the Soviet Union swung like a pendulum between harmony and outright hostility. The glorious achievements of the shuttle were violently arrested by the devastating loss of *Challenger* in 1986, while the Soviet program appeared to prosper with the last *Salyut* and the next generation *Mir* orbital station. This book explores the continued rivalry between the two superpowers during this period, with each attempting to outdo the other: the Americans keen to build a space station, the Soviets keen to build a space shuttle, and places their efforts in the context of a bitterly divisive decade which ultimately led them into partnership. **Current Catalog** National Library of Medicine (U.S.), First multi-year cumulation covers six years 1965-70. [An Unfinished Love Story](#) Doris Kearns Goodwin, 2024-04-16 The #1 New York Times bestseller from America's historian in chief. *New York* magazine's *An Unfinished Love Story: A Personal History of the 1960s* by Doris Kearns Goodwin, one of America's most beloved historians, artfully weaves together biography, memoir, and history. She takes you along on the emotional journey she and her husband Richard Dick Goodwin embarked upon in the last years of his life. Dick and Doris Goodwin were married for forty-two years and married to American history even longer. In his twenties, Dick was one of the brilliant young men of John F. Kennedy's *New Frontier*. In his thirties, he both named and helped design Lyndon Johnson's *Great Society* and was a speechwriter and close advisor to Robert Kennedy. Doris Kearns was a twenty-four-year-old graduate student when selected as a White House Fellow. She worked directly for Lyndon Johnson and later assisted on his memoir. Over the years, with humor, anger, frustration, and in the end, a growing understanding, Dick and Doris had argued over the achievements and failings of the leaders they served and observed, debating the progress and unfinished promises of the country they both loved. The Goodwins' last great adventure involved finally opening the more than three hundred boxes of letters, diaries, documents, and memorabilia that Dick had saved for more than fifty years. They soon realized they had before them an unparalleled personal time capsule of the 1960s, illuminating public and private moments of a decade when individuals were powered by the conviction they could make a difference, a time like today marked by struggles for racial and economic justice, a time when lines were drawn and loyalties tested. Their expedition gave Dick's last years renewed purpose and determination. It gave Doris the opportunity to connect and reconnect with participants and witnesses of pivotal moments of the 1960s. And it gave them both an opportunity to make fresh assessments of the central figures of the time: John F. Kennedy, Jacqueline Kennedy, Martin Luther King Jr., Robert Kennedy, Eugene McCarthy, and especially Lyndon Johnson, who greatly impacted both their lives. The voyage of remembrance brought unexpected discoveries, forgiveness, and the renewal of old dreams, reviving the hope that the youth of today will carry forward this unfinished love story with America. **National Library of Medicine**
