Choral Arrangements of the African-American Spirituals Patricia J. Trice, 1998-02-12 Although the choral arrangements of the African American spirituals constitute the largest group of folk song arrangements in western literature they have received little scholarly attention This book provides the needed historical and stylistic information about the spirituals and the arrangements It traces the history and cultural roots of the genre through its inception and delineates the African and European characteristics common to the original folk songs and arrangements Ensembles that have perpetuated the growth of the spiritual arrangements from Fisk Jubilee Singers of the 1870s through those currently active are chronicled as well Musicians choral directors and scholars will welcome this first complete text on the African American spiritual genre Annotated listings of titles provide information choral directors need to make ensemble appropriate performance choices Arrangements indexed by title arranger and subject complement the accompanying biographies and repertoire information Well organized and thoroughly researched this text is a valuable addition to music choral multicultural and African American libraries

Historic Negro Spirituals as Biblical Interpretation Christa Klingbeil Dixon, 2024-12-15 Dr Christa K Dixon 1935 2003 grew up during the time of World War 2 where her father a German Confessing Church pastor regularly visited American POW camps and young Christa heard African American soldiers singing spirituals Her fascination grew but Dixon's interests became quite focused on her interest in how the famous spirituals interpreted the Bible In the mid 1960s Dr Dixon earned her PhD working on Negro Spirituals in Germany and published the text that formed from her years of research and long lasting passion for the spirituals she heard during her visits to the prisoner camps with her father A work of careful

analysis and scholarship Dixon's study has since been out of print but now newly translated and presented for an audience to rediscover In John Lovell's important 1972 monograph *Black Song The Forge and Flame* he wrote Perhaps the most intensive study of Biblical influences in the spiritual is found in Christa Dixon's *Wesen und Wandel geistlicher Volkslieder Negro Spirituals* her analyses are not only deeply intensive but quite creative In this book Drs Kim R Harris and Daniel L Smith Christopher provide not only a translation of the published German work but also contribute two new essays to accompany this timeless study as both modern critique and long overdue appreciation *An Index to African-American Spirituals for the Solo Voice* Kathleen A.
