## Lyrics Of The French Renaissance:

**Lyrics of the French Renaissance**, 2006-10 Renowned translator Norman R Shapiro here presents fresh English versions of poems by three of Western literature's most gifted and prolific poets the French Renaissance writers Clément Marot Joachim Du Bellay and Pierre de Ronsard Writing in the rhymed and metered verse typical of the original French poems which appear on facing pages Shapiro skillfully adheres to their messages but avoids slavishly literal translations instead offering creative and spirited equivalents Hope Glidden's accessible introduction along with the notes she and Shapiro provide on specific poems will increase readers enjoyment and illuminate the historical and linguistic issues relating to this wealth of more than 150 lyric poems A marvelous micro anthology of sixteenth century French letters Representing the pinnacle of French Renaissance verse the poems singled out here are sensitively interpreted in rhymed English versions There is a pleasant and inspiring craftsmanship in these interpretations *Virginia Quarterly Review* [Lyrics of the French Renaissance](#) Norman R. Shapiro, 2002 The ingenuity charm and grace with which Shapiro's English versions capture the originals wit and flavor are impressive He is faithful but not rigidly so I have read these translations with amusement admiration emotion and pleasure Anne Lake Prescott

**The Art of Meditation and the French Renaissance Love Lyric** Michael Giordano, 2010-01-01 The Art of Meditation and the French Renaissance Love Lyric examines the poetics of meditation in the French love lyric at the height of the Lyonnais Renaissance as illustrated by one of the country's most prominent writers Maurice Scève's *Dieu* is the first French sequence of poems devoted to a single woman in the manner of Petrarch's *Rime* It is also the first Renaissance work to use emblems in a sustained work on love At their core most amatory lyrics involve a triple relation among lover beloved and the meaning of love Whether the poet lover is a man or woman poetic discourse generally takes the form of an interior monologue frequently intermingled with direct and indirect address to the beloved Though the dominant quality of this lyric is personal introspection Michael Giordano finds *Dieu* to be consistent with traditions of Christian meditation He argues that the amatory lyric served as a vehicle for contests of value and paradigm change not only because it was conditioned both by sacred and profane sources but also because it occurred at a time of religious upheaval and scientific revolution [The Cambridge Companion to French Literature](#) John D. **Pieter Bruegel the Elder** ToddM. Richardson,2017-07-05 Pieter Bruegel the Elder Art Discourse in the Sixteenth Century Netherlands examines the later images by Bruegel in the context of two contemporary discourses art theoretical and convivial The first concerns the purely visual interactions between artists and artistic practices that unfold in pictures which often transgress the categorical boundaries modern scholars place on their work such as sacred and profane antique and modern and Italian and Northern In this context the images themselves those of Bruegel his contemporaries and predecessors make up the primary source material from which the author argues The second deals with the dialogue that occurred between viewers in front of pictures and the way in which pictorial strategies facilitated their visual experience and challenged their analytical capabilities In this regard the author expands his base of primary sources to include convivial texts dialogues and correspondences and texts by rhetoricians and Northern humanists addressing art theoretical issues Challenging the conventional wisdom that the artist eschewed Italianate influences this study demonstrates how Bruegel s later peasant paintings reveal a complicated artistic dialogue in which visual concepts and pictorial motifs from Italian and classical ideas are employed for a subject that was increasingly recognized in the sixteenth century as a specifically Northern phenomenon Similar to the Dutch rhetorician societies and French Pl de poets who cultivated the vernacular language using classical Latin the function of this inter pictorial discourse the author argues was not simply to imitate international trends a common practice during the period but to use it to cultivate his own visual vernacular language Although the focus is primarily on Bruegel s later work the author s conclusions are applied to sketch a broader understanding of both the artist himself and the vibrant artistic dialogue occurring in the Netherl
