Biographical Passages Mary Lago,2000 **Keynes, Bloomsbury and The General Theory** Piero V. Mini,1991-06-18 An examination of the values and outlook of John Maynard Keynes as influenced by his experiences at Eton and Cambridge and by G E Moore and Bloomsbury The author traces Keynes rejection of Bentham s ideas and the genesis of The General Theory Keynes blueprint for cultural reconstruction **Under Review** Anthony Powell,1994-07 A splendid book I cannot think of one so calculated to delight intrigue beguile and inform To pick up and browse through it is like meeting some venerable old man of letters comfortably ensconced in his library only to ready to reveal some pear of humor or wisdom about each of the writers he has chosen to deal with Kate Wharton Evening Standard Powell is one of the great novelists of our time much more interested in other people than in his own views and ideas The result is that his extraordinary richness of act and detail also embodies a far more arresting and penetrating quantity of critical judgements on books authors fashions developments than are to be found in the theoretical pronouncement of modern academic criticism John Bayley The

Sunday Times These delightful reviews could be said to amount to a latter day Brief Lives David Plante Times Literary Supplement **The Naked Heart: The Bourgeois Experience** Victoria to Freud Peter Gay, 1996-10-17 In *The Naked Heart* Peter Gay explores the bourgeoisie's turn inward At the very time that industrialists inventors statesmen and natural scientists were conquering new objective worlds Gay writes the secret life of the self had grown into a favorite and wholly serious indoor sport Following the middle class's preoccupation with inwardness through its varied cultural expressions such as fiction art history and autobiography Gay turns also to the letters and confessional diaries of both obscure and prominent men and women These revealing documents help to round out a sparkling portrait of an age **Katherine Mansfield and Literary Impressionism** Julia van Gunsteren, 2024-08-26 **World Authors, 1900-1950**, 1996 Provides almost 2700 articles on twentieth century authors from all over the world who wrote in English or whose works are available in English translation **Bloomsbury Pie** Regina Marler, 2025-06-25 Celebrated and maligned with equal vigor the Bloomsbury Group is the best documented artistic coterie in twentieth century literature The novelists Virginia Woolf and E M Forster the artists Roger Fry Duncan Grant and Vanessa Bell and the economist John Maynard Keynes were among this charmed circle that emerged in London before the First World War and came to exercise a complex lingering influence on English art and letters There was a world of great talent even genius sexual intrigue and gossip they cultivated an atmosphere in which it was possible to say anything do anything Their peak of influence in the 1920s was followed by forty years of sustained sidelong derogation and occasional frontal attack from such famously hostile critics as D H Lawrence and Wyndham Lewis until in the 1960s the idea of Bloomsbury exploded in the public imagination transforming the Group into an almost mass market attraction Not in their darkest nightmares could Bloomsbury's contemporary detractors have imagined that Charleston Farmhouse where Vanessa Bell and Duncan Grant once lived and painted would eventually attract some 15 000 visitors each year or that a high profile film *Carrington* would be based on Lytton Strachey's largely platonic love affair with an obscure artist on the fringes of the hallowed Group *Bloomsbury Pie* examines the persistent allure of Bloomsbury a fascination driven by nostalgia adoration and antipathy and tracks the resurgence of interest in the Group from a handful of biographies in the 1960s through the feminist discovery of Virginia Woolf in the 1970s and the enshrinement of the Bloomsberries as cultural icons in the 1980s and 1990s Drawing on a wealth of material generated by this revival Regina Marler chronicles the story of the Bloomsbury boom its scholars collectors and fanatics and explores the industry it has spawned among writers publishers and art dealers In the process she creates an impressive social history of a tenacious and unwieldy cultural phenomenon **In Collaboration with British Literary Biography** Jane McVeigh, 2017-10-13 This book is about one person's reading and what has been learnt about how the lives of other people particularly authors have been written in British literary biographies over the last fifty years It is less interested in what happened in the lives of the people described in these biographies and more concerned with how these stories have been told It aims to have a conversation with

British biographers particularly Michael Holroyd Richard Holmes Hermione Lee and Claire Tomalin to make their voices heard to set them talking It understands biography as an ongoing collaboration not only between biographers and their subjects but between biographers and their readers This is also a study of haunting in which we haunt the lives of others to help us come to a better understanding of our own
