A FILM BY M FRITZ LANG

M Criterion Collection:

M Anton Kaes, 2021-03-25 Fritz Lang's *M* 1931 is an undisputed classic of world cinema. Lang considered it his most lasting work. Peter Lorre's extraordinary performance as the childlike misfit Hans Beckert was one of the most striking of film debuts and it made him an international star. Lang's vision of a city gripped with fear, haunted by surveillance and total mobilization is still remarkably powerful today. And *M* resonates too in the serial killer genre which is so prominent in contemporary cinema. *M* speaks to us as a timeless classic but also as a Weimar film that has too often been isolated from its political and cultural context. In this groundbreaking book, Anton Kaes reconnects *M*'s much studied formal brilliance to its significance as an event in 1931 Germany, recapturing the film's extraordinary social and symbolic energy. Interweaving close reading with cultural history, Kaes reconstitutes *M* as a crucial modernist artwork. In addition, he analyzes Joseph Losey's 1951 film noir remake and in an appendix publishes for the first time *M*'s missing scene.

I Know Where I'm Going! Pam Cook, 2021-10-21 *I Know Where I'm Going* 1945 is widely regarded as one of Michael Powell and Emeric Pressburger's most remarkable achievements and a cinematic tour de force. A simple moral tale set in the wild Scottish Highlands, it follows the journey of a headstrong young woman forced by her encounter with this magical mythic world and its exotic customs to revise her materialistic priorities. Pam Cook traces the film's production history, exploring its place in Powell and Pressburger's canon and showing how it wove into its narrative the memories and aspirations of an international group of film makers working in 1940s Britain. Focusing on the extensive use of special effects, she reveals a technologically ambitious masterpiece. *I Know Where I'm Going* is for Cook a multilayered work rich in allusions whose emotional power reaches beyond boundaries of time and place to touch profound human desires. In her foreword to this new edition, Cook argues that *I Know Where I'm Going*'s ability to be both of its time and timeless is what ensures that it continues to captivate successive generations of viewers.

Monstrous Liminality Robert G. Beghetto, 2022-01-24 This book examines the transformation of the figure of the stranger in the literature of the modern age in terms of liminality. As a spectral monster that has a paradoxical and liminal relationship to both the sacred and the secular, the figure of the modern stranger has played a role in both adapting and shaping a culturally determined understanding of the self and the other. With the advent of modernity, the stranger, the monster, and the spectre became interconnected. Haunting the edges of reason while also being absorbed into normal society, all three together with the cyborg manifest the vulnerability of an age that is fearful of the return of the repressed. Yet these figures can also become reappropriated as positive symbols able to navigate between the dangerous and chaotic elements that threaten society while serving as precarious and ironic symbols of hope or sustainability. The book shows the explanatory potential of focusing on the resacralizing in a paradoxical and liminal manner of traditionally sacred concepts such as messianic time and the utopian and the conflicts that emerged as a result of secularized modernity's denial of its own hybridization. This approach to modern literature shows how the modern stranger, a figure that is both paradoxically

immersed and removed from society deals with the dangers of failing to be re assimilated into mainstream society and is caught in a fixed or permanent state of liminality a state that can ultimately lead to boredom alienation nihilism and failure These monstrous aspects of liminality can also be rewarding in that traversing difficult and paradoxical avenues they confront both traditional and contemporary viewpoints enabling new and fresh perspectives suspended between imagination and reality past and future nature and artificial In many ways the modern stranger as a figure of literature and the cultural imagination has become more complicated and challenging in the post modern contemporary age both clashing with and encompassing people who go beyond simply the psychological or even spiritual inability to blend in and out of society However while the stranger may be altering once again the defining or essentializing the figure could result in the creation of other sets of binaries and thereby dissolve the purpose and productiveness of both strangeness and liminality The intention of Monstrous Liminality is to trace the liminal sphere located between the secular and sacred that has characterized modernity itself This space has consequently altered the makeup of the stranger from something external into a figure far more liminal which is forced to traverse this uncanny space in an attempt to find new meanings for an age that is struggling to maintain any

Rene Girard, Law, Literature, and Cinema Eric M. Wilson, 2024-04-05 This book is the first

monograph to critically evaluate the work of the literary scholar Ren Girard from the perspectives of Law and Literature and Law and Film Studies two of the most multidisciplinary branches of critical legal theory The central thesis is that Girard's theory of the scapegoat mechanism provides a wholly new and original means of re conceptualizing the nature of judicial modernity which is the belief that modern Law constitutes an internally coherent and exclusively secular form of rationality The book argues that it is the archaic scapegoat mechanism the reconciliation of the community through the direction of unified violence against a single victim that actually works best in explaining all of the outstanding issues of Law and Literature in both of its sub forms law as literature the analysis of legal language and practice exemplified by literacy texts and law in literature the exploration of issues in legal theory through the fictitious form of the novel The book will provide readers with i a useful introduction to the most important elements of the work of Ren Girard ii a greater awareness of the hidden nature of legal culture and reasoning within a post secular age and iii a new understanding of the subversive or enlightening nature of some of the most iconic works on Law in both Literature and Cinema media which by their nature allow for the expression of truths repressed by formal legal discourse
