Machiavelli On Management:

Machiavelli, Marketing and Management Phil Harris, Andrew Lock, Patricia Rees, 2000-04-20 This cutting edge text provides insight into the meaning and interpretation of Machiavelli and highlights the particular relevance to today's manager of his works for management marketing and political thought It addresses a number of common themes relating to his influences and arguments and includes topics such as modern management governance

Machiavelli on Management Gerald R. Griffin, 1991-03-06 For centuries Niccolo Machiavelli has been deemed the supreme thinker about survival in the world of politics but a careful analysis of his writings shows that he was also the ultimate organizational person He advised the princes of his day to be goal setters to set reachable objectives and to let nothing stand in their way in achieving those objectives In this work Gerald R Griffin formulates a contemporary business perspective drawn from Machiavelli's true principles of management which are as valid and useful today as they were in Machiavelli's time In so doing he provides a guidebook for managers and aspiring managers that teaches them about the nature of power and how to use it effectively Working from the premise that power itself is neutral and is only made good or bad by the way it is used Griffin challenges the modern view of participative management as an end in itself In 26 chapters he examines a wide variety of management topics and draws upon the wisdom of Machiavelli to provide guidance in using power to deal with these situations Using pertinent quotations from the philosopher's works and setting them into a contemporary business context Griffin directs the reader toward management techniques as recommended by Machiavelli and proved successful over hundreds of years Among the topics covered are types of organizations building maintaining and losing empires motivating subordinates being loved or feared as a manager and gaining and using a reputation For each management problem or situation he thoroughly discusses and focuses on the practical techniques for advancing in any organization The work also includes a quick reference guide to key Machiavellian ideas as they apply to business and management as well as a Machiavellian IQ test to measure the reader's Machiavellian tendencies This book will be an indispensable guide for anyone currently involved or planning to be involved in management and a useful resource for college courses in business and management Public and academic libraries will also find it to be a valuable addition to their collections

Management and Machiavelli Antony Jay, 1994 In this revised edition of his 1967 bestseller Jay revisits the corporate universe and once again tries to make sense of it all With the clear vision of a historian and political scientist he assesses the nature and behavior of corporate princes and commoners based on principles of ancient government

The Philosophical Foundations of Management Thought Jean-Etienne Joullié, Robert Spillane, 2020-10-06 The book's premise is that the theories taught in management schools are based on unacknowledged philosophical perspectives that are significant not so much for what they explain but for what they assume. Rarely made explicit, these perspectives cannot be reconciled with the result that the study of management has been dominated by contradictions and internecine intellectual warfare. However, the ability critically to analyze these diverse perspectives is essential to practicing and aspiring managers if they are to evaluate expert opinion. Moreover, since management is primarily an exercise in communication, managing is impossible in the darkness of an imprecise language in the absence of moral references or in the senseless outline of a world without intellectual foundations. Managing is a prime example of applied philosophy.

Managing Others: The Organisational Essentials Chartered Management Institute, 2013-07-01 This book contains checklists compiled by the CMI's experts on the aspects that are most crucial to the processes behind how you get the most from those you have to manage and work with and how you deal with them when things go wrong. The checklists include Planning the recruitment process, Managing staff turnover and retention, Managing part-time employees, Performance management, Using 360-degree feedback, Evaluating training and learning, Talent management, Training needs analysis, Succession planning, Devising a coaching programme, Understanding organisational culture, Employee engagement, Managing creativity, Implementing flexible working hours, Implementing a diversity management programme, Redundancy, managing the survivors and Enabling work-life balance. It is all here from the basics to the more nuanced and difficult to get right and included among the essential checklists are profiles of leading management thinkers on key topics.

Kautilya Arthshastra and the Science of Management: Relevance for the Contemporary Society S.D. Chamola, 2007 Kautilya's Arthshastra contains some universal truths which transcend the boundaries of time and space. Arthshastra is also very relevant for solving the problems of the present-day society, especially in the field of management. The main object of the present work is to identify solutions from Kautilya's Arthshastra to the issues being faced by the economies today and to examine the Kautilian Model in the context of contemporary societies in general and India in particular. Prof. S. D. Chamola is an eminent economist. During the course of his long association with the CCS Haryana Agriculture University, Hisar, he worked in various capacities in the fields of teaching and research. He headed the Department of Agricultural Economics there from 1991 to 1994 and the Department of Business Administration from 1996 to 2001. He was Senior Fellow ICSSR from 2003 to 2005.

Machiavelli On Management Introduction

In today's digital age, the availability of Machiavelli On Management books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Machiavelli On Management books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Machiavelli On Management books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Machiavelli On Management versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Machiavelli On Management books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Machiavelli On Management books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Machiavelli On Management books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Machiavelli On Management books and manuals for download have transformed the way

we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Machiavelli On Management books and manuals for download and embark on your journey of knowledge?
