Sons of the Sierra Patrick J. McNamara, 2012-09-01 The period following Mexico s war with the United States in 1847 was characterized by violent conflicts as liberal and conservative factions battled for control of the national government The civil strife was particularly bloody in south central Mexico including the southern state of Oaxaca In Sons of the Sierra Patrick McNamara explores events in the Oaxaca district of Ixtlan where Zapotec Indians supported the liberal cause and sought to exercise influence over statewide and national politics Two Mexican presidents had direct ties to Ixtlan district Benito Juarez who served as Mexico s liberal president from 1858 to 1872 was born in the district and Porfirio Diaz president from 1876 to 1911 had led a National Guard battalion made up of Zapotec soldiers throughout the years of civil

war Paying close attention to the Zapotec people as they achieved greater influence McNamara examines the political culture of Diaz s presidency and explores how Diaz who became increasingly dictatorial over the course of his time in office managed to stay in power for thirty five years McNamara reveals the weight of memory and storytelling as Ixtlan veterans and their families reminded government officials of their ties to both Juarez and Diaz While Juarez remained a hero in their minds Diaz came to represent the arrogance of Mexico City and the illegitimacy of the Porfiriato that ended with the 1910 revolution

Latin America Leslie Bethell,1998-06-13 The Cambridge History of Latin America is a large scale collaborative multi volume history of Latin America during the five centuries from the first contacts between Europeans and the native peoples of the Americas in the late fifteenth and early sixteenth centuries to the present Latin America Politics and Society since 1930 consists of chapters from Part 2 of Volume VI of The Cambridge History that provide a thorough account of political movements in Latin America Each chapter is accompanied by a bibliographical essay *Understanding Commodity Cultures* Scott Cook,2004 In this overview of economic anthropology studies of Mexico Guatemala Scott Cook argues that because Mesoamerican societies have long been involved in production for exchange they must be understood as commodity cultures where individuals pursue their own self interest **After the Coup** Timothy J. Smith,Abigail E Adams,2011-08-11 This exceptional collection revisits the aftermath of the 1954 coup that ousted the democratically elected Guatemalan president Jacobo Arbenz Contributors frame the impact of 1954 not only in terms of the liberal reforms and coffee revolutions of the nineteenth century but also in terms of post 1954 U S foreign policy and the genocide of the 1970s and 1980s This volume is of particular interest in the current era of the United States re emerging foreign policy based on preemptive strikes and a presumed clash of civilizations Recent research and the release of newly declassified U S government documents underscore the importance of reading Guatemala s current history through the lens of 1954 Scholars and researchers who have worked in Guatemala from the 1940s to the present articulate how the coup fits into ethnographic representations of Guatemala Highlighting the voices of individuals with whom they have lived and worked the contributors also offer an unmatched understanding of how the events preceding and following the coup played out on the ground Contributors are Abigail E Adams Richard N Adams David Carey Jr Christa Little Siebold Judith M Maxwell Victor D Montejo June C Nash and Timothy J Smith *Understanding the USA* Peter Funke,1989 [The Bass Handbook of Leadership](#) Bernard M. Bass,Ruth Bass,2009-12-01 For thirty three years and through three editions Bass Stogdill s Handbook of Leadership has been the indispensable bible for every serious student of leadership Since the third edition came out in 1990 the field of leadership has expanded by an order of magnitude This completely revised and updated fourth edition reflects the growth and changes in the study of leadership over the past seventeen years with new chapters on transformational leadership ethics presidential leadership and executive leadership Throughout the Handbook the contributions from cognitive social psychology and the social political communications and administrative sciences have been expanded As in the third edition Bernard Bass begins

with a consideration of the definitions and concepts used and a brief review of some of the betterknown theories Professor Bass then focuses on the personal traits tendencies attributes and values of leaders and the knowledge intellectual competence and technical skills required for leadership Next he looks at leaders socioemotional talents and interpersonal competencies and the differences in these characteristics in leaders who are imbued with ideologies especially authoritarianism Machiavellianism and self aggrandizement A fuller examination of the values needs and satisfactions of leaders follows and singled out for special attention are competitiveness and the preferences for taking risks In his chapters on personal characteristics Bass examines the esteem that others generally accord to leaders as a consequence of the leaders personalities The many theoretical and research developments about charisma over the past thirty years are crucial and are explored here in depth Bass has continued to develop his theory of transformational leadership the paradigm of the last twenty years and he details how it makes possible the inclusion of a much wider range of phenomena than when theory and modeling are limited to reinforcement strategies He also details the new incarnations of transformational leadership since the last edition Bass has greatly expanded his consideration of women and racial minorities both of whom are increasingly taking on leadership roles A glossary is included to assist specialists in a particular academic discipline who may be unfamiliar with terms used in other fields Business professors and students executives in every industry and politicians at all levels have relied for years on the time honored guidance and insight afforded by the Handbook

Peter Mandler, 2013-05-07 DIV Celebrated anthropologist Margaret Mead who studied sex in Samoa and child rearing in New Guinea in the 1920s and 30s was determined to show that anthropology could tackle the psychology of the most complex modern societies in ways useful for waging the Second World War This fascinating book follows Mead and her closest collaborators her lover and mentor Ruth Benedict her third husband Gregory Bateson and her prospective fourth husband Geoffrey Gorer through their triumphant climax when Mead became the cultural ambassador from America to Britain in 1943 to their downfall in the Cold War Part intellectual biography part cultural history and part history of the human sciences Peter Mandler s book is a reminder that the Second World War and the Cold War were a clash of cultures not just ideologies and asks how far intellectuals should involve themselves in politics at a time when Mead s example is cited for and against experts involvement in Iraq and Afghanistan div

National Character Alex Inkeles, 2017-07-12 Seen in modern perspective the concept of national character poses fundamental problems for social science theory and research To what extent do conditions of life in a particular society give rise to certain patterns in the personalities of its members What are the consequences Alex Inkeles surveys various definitions of national character tracing developments through the twentieth century His approach is to examine the regularity of specific personality patterns among individuals in a society He argues that modal personality may be extremely important in determining which new cultural elements are accepted and which institutional forms persist in a society Reviewing previous studies Inkeles canvasses the attitudes and psychological states of

different nations in an effort to discover a set of values in the United States He concludes that despite recent advances in the field there is much to be done before we can have a clear picture of the degree of differentiation in the personality structure of modern nations Until now there were few formal definitions and discussions on national character and the limits of this field of study This book will be of great interest to psychologists sociologists philosophers and political theorists *Medical Anthropology* Francis X. Grolig, Harold B. Haley, 2011-06-03 No detailed description available for Medical Anthropology

Human Settlements Sam Stuart, 2013-10-02 Human Settlements An Annotated Bibliography is an annotated bibliography on human settlements and includes books journal articles reports and documents Documents from Habitat United Nations Conference on Human Settlements with National Reports are arranged alphabetically by country along with other Conference documents This book is comprised of four chapters and begins with a list of books journal articles reports and documents dealing with topics such as housing policies housing problems in underdeveloped areas and the effects of land reform and rural ordinance programs The next chapter is devoted to a bibliography of bibliographies covering topics ranging from land use planning to rural roads and their potential The third chapter includes national reports from countries such as Afghanistan Algeria and Bangladesh The bibliography concludes with a subject index of key words subdivided geographically a secondary author index that includes personal and corporate authors editors compilers and authors of significant introductions and a list of libraries consulted This monograph should be of interest to housing officials and policymakers

The Anthropology of Childhood David F. Lancy, 2015 Enriched with anecdotes from ethnography and the daily media this revised edition examines family structure reproduction profiles of children s caretakers their treatment at different ages their play work schooling and transition to adulthood The result is a nuanced and credible picture of childhood in different cultures past and present *The Poverty of Revolution* Susan Eva Eckstein, 2014-07-14 The plight of the urban poor in Mexico has changed little since World War II despite the country s impressive rate of economic growth Susan Eckstein considers how market forces and state policies that were ostensibly designed to help the poor have served to maintain their poverty She draws on intensive research in a center city slum a squatter settlement and a low cost housing development Originally published in 1977 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Race and Ethnicity in Latin America** Peter Wade, 2010-05-12 For over ten years Race and Ethnicity in Latin America has been an essential text for students studying the region This second edition adds new material and brings the analysis up to date Race and ethnic identities are increasingly salient in Latin America Peter Wade examines changing perspectives on Black and Indian populations in the region tracing

similarities and differences in the way these peoples have been seen by academics and national elites Race and ethnicity as analytical concepts are re examined in order to assess their usefulness This book should be the first port of call for anthropologists and sociologists studying identity in Latin America
