Revealing Arithmetic Katherine Hannon, 2021-04-12 For years Christian math books have looked basically like secular textbooks with the addition of a Bible verse here or there Here at last is a book to help you transform your math class and show your child God's handiwork in math Revealing Arithmetic will help you Teach math from a biblical worldview Worship the Lord in math Help your child really understand concepts Train your child to think mathematically Transform everyday activities and objects into math lessons Teach your child to use math as a real life tool Explore historical methods and symbols This book is designed for homeschool parents needing a simple math guide to use alongside their curriculum

and help them teach arithmetic to elementary students older students needing a review of math basics before moving on to advanced mathematics or Christian school or co op teachers or future teachers wanting ideas on how to modify the curriculum to better reveal the truth of a Creator God **Repairing the Ruins** Douglas Wilson,1996 Repairing the Ruins is a collection of essays about classical education **Amazing and Aesthetic Aspects of Analysis** Paul Loya,2018-05-11 Lively prose and imaginative exercises draw the reader into this unique introductory real analysis textbook Motivating the fundamental ideas and theorems that underpin real analysis with historical remarks and well chosen quotes the author shares his enthusiasm for the subject throughout A student reading this book is invited not only to acquire proficiency in the fundamentals of analysis but to develop an appreciation for abstraction and the language of its expression In studying this book students will encounter the interconnections between set theory and mathematical statements and proofs the fundamental axioms of the natural integer and real numbers rigorous N and definitions convergence and properties of an infinite series product or continued fraction series product and continued fraction formul for the various elementary functions and constants Instructors will appreciate this engaging perspective showcasing the beauty of these fundamental results *The Ground of Good Theology* Dale Partridge,2022-10-02 Bad Theology is always Built Upon a Weak Foundation Most Christians have formed their theology from a collection of sermons books podcasts and independent Bible reading That is to say few Christians have been classically or formally trained in the study of God As a result many Christians hold a splintered inconsistent and disordered view of God the Gospel and His Word In this introduction to systematic theology Dale Partridge offers readers a foundation and starting point to build a faithful understanding of God Inerrancy and Worldview Vern S. Poythress,2012-05-31 Though the Bible presents a personal and relational God popular modern worldviews portray an impersonal divine force in a purely material world Readers influenced by this competing worldview hold assumptions about fundamental issues like the nature of humanity evil and the purpose of life that present profound obstacles to understanding the Bible In Inerrancy and Worldview Dr Vern Poythress offers the first worldview based defense of scriptural inerrancy showing how worldview differences create or aggravate most perceived difficulties with the Bible His positive case for biblical inerrancy implicitly critiques the worldview of theologians like Enns Sparks Allert and McGowan Poythress who has researched and published in a variety of fields including science linguistics and sociology deals skillfully with the challenges presented in each of these disciplines By directly addressing key examples in each field Poythress shows that many difficulties can be resolved simply by exposing the influence of modern materialism Inerrancy and Worldview s positive response to current attempts to abandon or redefine inerrancy will enable Christians to respond well to modern challenges by employing a worldview that allows the Bible to speak on its own terms The Debaters of This Age Steven H Propp,2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and

Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time
