Matisse In Nice:

Matisse in Nice Xavier Girard,1996 Paintings from the artist s time in Nice with an introductory essay *Matisse in Nice, 1917-1954* Xavier Girard, Henri Matisse,1996 For Matisse Nice was more a state of mind than a place At his happiest and most creative in this warm light filled environment he produced there some of his most beautiful works luminous vistas sensuous models in bright flower filled interiors open windows looking out onto dazzling blue seas From 1917 until 1954 the influence of Nice pervades Matisse s paintings and sculptures The colours of his radiant masterpieces are represented in the plates contained in this work while a text explores the depth of his artistic vision and the influences of the South of France

this study offers a new theoretical account of visual art's capacity to function as a form of literary criticism and extends debates about the gendering of 20th century bibliophilia Brown also demonstrates the importance of Matisse's self placement in relation to the French literary canon in the charged political climate of the Second World War and its aftermath Through a combination of archival resources art history and literary criticism this study offers a new interpretation of Matisse's artist's books and will be of interest to art historians literary scholars and researchers in book history and modernism
