dramatic type but stories nevertheless which seem to be well authenticated and which have been obtained in most instances at first hand from the original witnesses and often contain corroborative testimony from others who also experienced the ghostly phenomena Some of these incidents indeed rise to the dignity of scientific evidence others are less well authenticated cases but interesting for all that These have been grouped in various Chapters according to their evidential value Chapters II and III contain well evidenced cases some of which have been taken from the Proceedings and Journals of the Society for Psychical Research S P R or from Phantasms of the Living or from other scientific books in which narratives of this character receive serious consideration Chapter V on the contrary contains a number of incidents which striking and dramatic as they are cannot be included in the two earlier Chapters as presenting real evidence of Ghosts but are published rather as startling and interesting ghost stories Chapter IV devoted to Haunted Houses contains brief accounts of the most famous Haunted Houses and of the phenomena which have been witnessed within them Appendix A gives a list of a few of the important Historical Ghosts Appendix B describes the Phantom Armies lately seen by the Allied troops in France while Appendix C lists a number of books of Ghost Stories which the interested reader may care to peruse A short Glossary at the beginning of the book explains the meaning of certain terms used which are not perhaps ordinarily met with in books of this character In the Introductory Chapter I have endeavored to explain very briefly the nature and character of Ghosts what they are and the various scientific theories which have been brought forward of late years to explain Ghosts I hope that this may prove of interest to the reader in case it does not do so he is invited to skip directly to Chapter II which begins our account of True Ghost Stories I wish to express my thanks in this place to the Council of the English S P R for special permission to quote and to summarize several striking cases here reproduced also to Miss Estelle Stead for permission to utilize several cases previously printed at length in Mr Wm T Stead s collections of Ghost Stories H C Author     *Up the Back Stairway* Ed Okonowicz,1999     *Joe Kwon's True Ghost Stories - Volume 2* Joe Kwon Inc,2010-07-07 The Second Volume in the Series from Joe Kwon s True Ghost Stories Enjoy more than 200 TRUE Ghostly Hauntings from more California These are recent encounters as told first hand by those that experienced it Available on Amazon Kindle iBooks and other distributors     *Ghost Stories: 25 Supernatural Tales By Real People Based On True Events In And Around The Far East* Granger T Barr, Ghost Stories 25 Supernatural Tales By Real People Based On True Events In And Around The Far East Granger T Barr proudly presents the seventh book in his Ghostly Encounters Series In his travels and stories from around the world Granger has met and interviewed many people He has found that ghost stories vary according to different cultures Tales are from haunted hotel rooms in Asia to old railway stations hospitals scary bunk beds zombies ghouls caught on camera cemeteries terrifying public washrooms and creepy apartment kitchens There is sure to be something for you The author documented true real life personal stories predominantly in the West such as Great Britain America and other places in his previous six books This book contains 25 tales of supernatural events from various locations in and around the Far East for your enjoyment These
