Moreau Omnibus:

Moreau Omnibus S. Andrew Swann, 2003 Now together for the first time in one volume the first three novels of the acclaimed Moreau series Includes *Forests of the Night* *Emperors of the Twilight* and *Specters of the Dawn* Original

Messiah S. Andrew Swann, 2011-02-01 The last stand against the self proclaimed God Adam has retreated to the anarchic planet Bakunin a world besieged by civil war Humanity's last hope lies with Nickolai Rajasthan a Moreau who believes that the human race that created his kind is already damned beyond redemption

Dragons and Dwarves S. Andrew Swann, 2009-08-04 Two novels in one volume An omnibus edition of *Dragons of the Cuyahoga* and *The Dwarves of Whiskey Island* Kline Maxwell was a serious political reporter He wasn't interested in working on fuzzy gnome stories or any of the other unbelievable tales that should end up only in sensationalist rags But twelve years ago a magical Portal had opened into Cleveland a Portal that had ruined much of Cleveland's modern day technology even as it released magical energy all over town And suddenly there was a shift in the population as humans fled the burg while dwarves elves dragons ogres gnomes mages and every other denizen of the fantasy realm on the other side of the Portal began moving into town And whether he wanted to or not Maxwell had found himself covering stories that sometimes took him far from his political beat and into way too much danger both magical and mundane Still he took his job seriously and when he was assigned to cover a dragon's death by crash landing into the Cuyahoga he headed over to the accident site with only a few curses But what should have been a simple accident report soon led Maxwell in search of a much bigger story one that would see him kidnapped by elves framed for murder holding secret meetings with dragons and fleeing not only from the cops but from pretty much everybody

The Dwarves of Whiskey Island S. Andrew Swann, 2005-10-04 In this sequel to *The Dragons of Cuyahoga* political reporter Kline Maxwell receives information about the unexplained suicide of the former City Council President drawing Kline into a case that has dark spells destruction and death written all over it

Heretics S. Andrew Swann, 2010-02-02 Brand new in the action packed Apotheosis epic Adam an AI creation of an alien race prepares to launch a conquest that has been centuries in the making and if he succeeds he will rule over all humankind over all sentient life forms as a God

Prophets S. Andrew Swann, 2009-03-03 When strange transmissions are received from beyond the fringes of human space revealing the existence of human settlements lost since the demise of the Confederacy a race begins to reach the source of the transmission where an unimaginable threat is encountered Original

Hostile Takeover S. Andrew Swann, 2004-11-02 Now in an omnibus edition the *Hostile Takeover* trilogy introduces a planet where the only laws are those of self preservation and profit Bakunin is a world with a law unto itself the only human colonized planet that has consistently refused to join the Terran Confederacy or permit any form of organized government to take root When the TEC the covert operations and enforcement branch of the Confederacy decides to do something about Bakunin Colonel Klaus Dacham is the man they put in charge His opening target is Dominic Magnus the head of Godwin Arms and Armament Though Dom loses the first battle he

his allies and his surviving employees carefully plan their own return strike Until they receive a desperate message from one of their own revealing what the TEC is really up to on Bakunin Suddenly the stakes are far beyond personal revenge Bakunin is about to become an unwitting pawn in a Confederacy wide power struggle And to the mastermind behind the entire plan it doesn't really matter whether anyone on the planet is left alive at the end of it so long as TEC achieves its goal Dragon Princess S. Andrew Swann,2014-05-06 In this humorous and offbeat fantasy magic is rarely perfect heroes are rarely honorable and you just might wake up in a body that's not your own Frank Blackthorne's most recent heist did not end optimally The sacrificial virgin survived but the whole incident left Frank a respectable career thief on the run from a kingdom full of evil cultists eager to replace their sacrifice So when the Court Wizard of Lendowyn Elhared the Unwise comes to him intending to hire someone to save Lendowyn's princess from an evil dragon in return for riches glory and help with the bloodthirsty cultists problem Frank is rightfully suspicious Frank is also not in a position to refuse Perhaps unsurprisingly Frank's rescue fails in an explosion of spectacularly misapplied magic When the dust settles all parties involved find themselves body swapped Frank is left stranded in the Princess Lucille's body halfway across the kingdom The understandably angry Princess Lucille finds herself inhabiting the body of the dragon In order to set things right they will have to team up and face down thugs slavers elvish bookies knights in shining armor an evil Queen and the hordes of the Dark Lord N talc **French Books III & IV (FB) (2 vols.)** Andrew Pettegree,Malcolm Walsby,2011-10-14 French Books III IV complete a comprehensive bibliographical survey of all books published in France in the first age of print It lists over 40 000 editions printed in France in languages other than French during the fifteenth and sixteenth centuries together with bibliographical references an introduction and indexes It draws on the analysis of over 3 000 collections situated in libraries throughout the world French Books will be an invaluable research tool for all students and scholars interested in the history culture and literature of France as well as historians of the early modern book world For vols I II please go to French Vernacular Books **Wells Meets Deleuze** Michael Starr,2017-06-14 The writings of H G Wells have had a profound influence on literary and cinematic depictions of the present and the possible future and modern science fiction continues to be indebted to his scientific romances such as The Time Machine The War of the Worlds and The Island of Doctor Moreau Interpreted and adapted for more than a century Wells's texts have resisted easy categorization and are perennial subjects for emerging critical and theoretical perspectives The author examines Wells's works through the post structuralist philosophy of Gilles Deleuze Via this critical perspective concepts now synonymous with science fiction such as time travel alien invasion and transhumanism demonstrate the intrinsic relevance of Wells to the genre and contemporary thought Religion and Science Fiction James F McGrath,2012-09-27 This multidisciplinary book focuses on the intersection between religion and science fiction Several perspectives are addressed by scholars from different disciplines theology literature history music and anthropology From Frankenstein by way of Christian apocalyptic to Star Wars Star Trek
